PRICE FIVE CENTS

25 Injured in New Jersey Train Wreck

The twisted wreckage of what once was a railroad car lies beside tracks near Rahway, N. J., where it was hurled in collision of Pennsylvania passenger trains. Twenty-five persons were injured, some seriously. (NEA Telephoto.)

Cudahy Sees Ship Arming as Another Act of Subterfuge

Appears as Opposition Witness as Committee Plans Other Changes

Washington, Oct. 23.—(AP)—John Cudahy, former ambassador to Belgium, declared today that the pending armed ship legislation was only incidental to "the administration's main purpose of expunging the neutrality act from the statute books."

Cudahy appeared before the senate foreign relations committee in opposition to the merchant ship arming as Capitol Hill and White House developments indicated that administration forces would take the lead in urging the senate to expand the measure so as to permit American ships to travel anywhere in the world. Under the neutrality act, merchant vessels now can not enter belligerent ports or designated combat areas.

Cudahy, who served in Belgium at the time of the German invasion and also has been ambassador to Poland and minister to Ireland, told reporters prior to his committee appearance that the house-approved armed ship proposal "is another step edging us into war by subterfuge."

Directly before the committee is only the repealer of the neutrality act's ban against arming merchant ships but Chairman Connally (D-Tex.) told reporters he was having amendments drafted to broaden the scope of the legislation. Connally advocates the sending of American ships wherever necessary in delivering aid to nations fighting the axis.

Knows Germany's Might
Cudahy said British military leaders believed that the only way the war could be won "is by an invasion of Germany." Such an invasion, he declared, "would require at least 8,000,000 men from this country."

The former envoy remarked that "I was in Belgium when the

Fifty More French Facing Execution

Vichy, Unoccupied France, Oct. 23.—(AP)—The French people must turn over to German authorities the two slayers of Lieut. Col. Paul Friedrich Hotz, chief of the German field gendarmerie in Nantes, by midnight (4 P. M. CST) today, or 50 more Frenchmen must pay with their lives for Hotz's death.

Those are the terms of the German ultimatum upon the French as the assassination of a second German officer within 48 hours, a judicial counselor at Bordeaux, caused the arrest of another 100 and raised the grim prospect of still further executions.

Fifty persons, already have been put to death for the killing of the commandant, the latest of reprisals in which nazi retaliation squads have taken quick vengeance on 134 Frenchmen for the deaths of five members of the German occupation forces.

With the zero hour nearing, the Prefect of Police ordered measures to prevent any group of more than two persons stationing themselves on the streets of Nantes or outskirts.

No one was allowed out of his house between 6 p. m. and 8 a. m. and during curfew all activity except operations of water, gas and electric works and railroads was suspended.

33rd Division to March in Parade at Springfield

Camp Forrest, Tenn., Oct. 23.—(AP)—The 33rd Division will go home to Illinois to march in Armistice Day parades at Springfield and Chicago.

Maj. Gen. Samuel T. Lawton, commander of the Illinois division, announced today plans for units from downstate cities to parade at Springfield. Previously arrangements had been made for Chicago outfits to march down Michigan avenue as a highlight of the Armistice Day celebration in the metropolis.

The parades will mark the first mass return of the Illinois troops since the National Guard was mobilized and sent into intensive training here last March.

Downstate Units
The downstate units are the 65th Infantry Brigade and the 123rd Field Artillery.

Half the men will be on furlough at the time and will be ordered to report at Chicago and Springfield for the parades. The others will travel by truck from Camp Forrest, taking two days to reach Springfield and three to get to Chicago.

The invitation to have the troops come back for massed displays was sent by Gov. Dwight H. Green, who telegraphed Gen. Lawton: "The people of Illinois are appreciative of the fine spirit and efficiency demonstrated by the Illinois soldiers, true to the tradition of our commonwealth."

Draft Dodger Given Two-Year Sentence

Chicago, Oct. 23.—(AP)—Frank W. Skultety, 26, who was accused of stating that he would rather be in jail than in the army, was sentenced today to two years in prison on a charge of refusing to report for induction.

Assistant U. S. District Attorney John Kiely gave this account of the case:

Skultety originally was classified as a conscientious objector and directed to report to a camp for that class of men in Largo, Ind. but when he arrived in Largo he became intoxicated at a tavern, cursed the president and the government and proclaimed that he would "rather be in jail than the army." At the suggestion of the camp superintendent he was returned to Chicago, reclassified and ordered to report for induction, but he refused.

Federal Judge William H. Holly described the defendant as "wild and undisciplined" in imposing the penalty and denying probation.

France Already in State of Semi-Starvation U. S. Investigator Says

St. Louis, Mo., Oct. 23.—(AP)—Both occupied and unoccupied France already were beginning to feel the pinch of hunger which promised to develop into a hope-crushing vise.

Dr. John B. Youmans of the Vanderbilt University medical school, Nashville, Tenn., told members of the American Dietetic Association today that while the people of France were not now actually starving, a state of slow starvation was imminent with disease and death certain to follow.

The young Vanderbilt physician, recently returned from France where he directed a survey of the food situation and its effects on health among the people of southern France during the first six months of 1941.

"Already anemia is quite prevalent and great deficiencies of vitamins A, C and G were noted,

Delayed Dispatch From Kiev Tells of City of Desolation

Correspondent of AP Writes From Nazi-Occupied Town

By ERNEST G. FISCHER

With the German Army in Kiev, Oct. 14.—(Delayed)—(AP)—What winter will bring remains to be seen in this German-captured city, bombed and battered in weeks of siege and left by the Russians to burn.

The food problem has been solved by the German army's soup kitchens but as winter's snow swirls through the charred ruins of burned buildings, the sight of women and children hunting for firewood is not a reassuring sign.

Delayed fires were set off by hidden Russian mines after the city was occupied and burned for five days, razing 20 blocks even after 10,000 other explosives had been made harmless, nazi officers told me during a conducted tour. Bridges are in ruins.

Many of the mines, they said, were set to explode from radio impulse and others were hooked up with the electricity system.

There were no signs of street fighting in Kiev itself but in the

Capt. Wildey, 102, Oldest Mason, Dies

Mt. Carroll, Ill., Oct. 23.—(AP)—Captain William H. Wildey, 102, who was the oldest Mason in Illinois and possibly the oldest in the United States, died today at his home here.

He joined the Masons in 1867 and was a member of the Consistory at Freeport and the Shrine at Rockford.

Born at Buffalo, N. Y., he attended the wigwag convention at Chicago where Abraham Lincoln was nominated for the presidency. Wildey enlisted when Lincoln served for volunteers and served as a corporal, lieutenant and captain. At Stone River he was badly wounded and lay on the battlefield 12 hours before he was removed.

After the war Wildey opened a grocery in Mt. Carroll and operated it 59 years. His wife died seven months after their 67th wedding anniversary.

A lifelong Republican, Captain Wildey cast his last vote for Alf Landon in 1936. Survivors are three daughters and a son, all living here.

Red Commander Before Moscow Replaced--- Moscow Called Another Verdun

CIO Official Says OPM Is Engaged in Unlawful Conspiracy

Hillman Again Defends Stabilization Terms With the AFL

Washington, Oct. 23.—(AP)—A CIO official told a senate defense investigating committee today that OPM was engaged in "an unlawful conspiracy" with the AFL after Sidney Hillman, co-director of OPM, had again defended a stabilization agreement with AFL building construction unions.

Hillman asserted that a CIO contract signed by the P. J. Currier Lumber company, low bidder on a Wayne, Mich., housing project, was not a bona fide labor agreement and was adopted "for some ulterior purpose."

A. D. Lewis, a brother of President John L. Lewis of the United Mine Workers, charged that Hillman's office was being used as a recruiting agency for the AFL in connection with defense projects "as he condemned the failure of the government to award carrier company the Michigan contract on its bid, which the company claimed was \$431,000 below the next best offer."

Charges Conspiracy
He said the Office of Production Management was engaged in "an unlawful conspiracy to use the powers of government on behalf of one branch of labor against another."

He said the agreement "assured a closed shop agreement for the AFL on all government defense construction projects."

Senator Brewster (R-Me.) earlier had protested that Hillman was exercising "dangerous powers" by advising against the award to the Currier company. He said he would urge immediate award of the contract despite Hillman's testimony he feared a "civil war" in Detroit labor ranks if that were done.

Senator Brewster asked Hillman whether he had investigated the wage rates involved in the contract, which Brewster said were 25 per cent higher than similar pay received by AFL union men.

When Hillman replied that he had not, Brewster observed: "You come in here and attack Mr. Currier and the good faith of this agreement. Yet you say you know nothing about the wage rates. Are you equally ignorant of other aspects of this contract?"

Hillman replied that he believed the contract was "an arrangement adopted by both parties for some ulterior purpose."

Ickes' Fuel Shortage in East Is Vanished

Washington, Oct. 23.—(AP)—Petroleum Coordinator Ickes said today that the prospect of a severe petroleum shortage in the east, about which he has warned often in recent weeks, now was virtually erased.

Gasoline supplies now are actuated above last year, Ickes reported. For the first time since he gloomily told last summer of possible gasless autos and homes with less heat this winter, the coordinator declared the general outlook on the Atlantic seaboard now was "optimistic," but he did not say when rationing of gasoline to filling stations would be ended.

Rapid improvement in the situation was attributed by Ickes to the program of the petroleum coordinator's office, coupled with continued widespread warm weather which held down the consumption of heating oils.

The Weather

THURSDAY, OCT. 23, 1941

Chicago and Vicinity: Fair tonight; much cooler tonight; light to locally heavy frost western suburbs; 100 per cent sunshine this afternoon and Friday.

Further outlook: Saturday partly cloudy and warmer.

Illinois: Fair tonight and Friday; much cooler tonight; light to locally heavy frost north and central portions; slightly cooler extreme south Friday.

Wisconsin: Fair tonight and Friday; cooler tonight with frost or freezing temperature; rising temperature west portion Friday afternoon.

Iowa: Fair tonight and Friday; cooler, much cooler southeast portion heavy frost tonight; rising temperature west and north portions Friday.

LOCAL WEATHER
For the 24 hours ending at 6 p. m. Wednesday—Maximum temperature 71, minimum 50; cloudy; precipitation .08 inches, total for October to date 6.42 inches, total for year to date 36.51 inches.

Friday—Sun rises at 6:20, sets at 5:08.

Delayed

Washington, Oct. 23.—(AP)—The award of the Silver Star to Capt. Elmer G. Rhenstrom of Kenosha, Wis., for gallantry in action as a second lieutenant during the World war was announced by the war department.

While on a special mission as a member of the 95th aero squadron, the citation said, Rhenstrom engaged three enemy fighters in combat, destroyed one of them, and then succeeded in carrying out his mission to strafe enemy artillery positions, delaying their progress and permitting their capture by ground forces.

Rhenstrom now is on duty at Scott Field, Belleville, Ill.

The War Today!

By DEWITT MACKENZIE (Telegraph Special Service)

There is much food for reflection in British Foreign Secretary Eden's statement in the House of Commons that a large-scale road and railway-making organization of American engineers is being created and that this will be immensely important in view of the British-Russian communications through Iran (Persia).

This strongly supports the probability of the establishment of an allied front in the Caucasus, as this column forecast yesterday. Such a front easily may provide the base for a grand offensive against Germany from the rear. Before that happens, however, there is likely to be bloody fighting as Hitler tries to seize the oil fields of the Caucasus and drive his way into the strategic Middle East through Persia or Turkey, or both.

All this to my mind means that sooner or later—undoubtedly sooner—Britain is going to appeal to the United States to send an expeditionary land force to the Middle East.

But, somebody protests, the United States isn't in the war—Fiddle-de-dee. Wendell L. Willkie finds the answer to that one in the current Look magazine when he says "The United States is already in the war and has been for some time."

True, our operations are restricted, but we can't argue that we aren't in the water merely because we are in only up to our waists and not up to our necks. It strikes me that a lot of folk will recognize this fact and stop trying to extract comfort from a hair-splitting technicality. It will save a shock when the time comes that we suddenly do find ourselves in up to our necks.

Britain has no need for American troops in England—hasn't room for them for that matter, because already there are 4,000,000 men of all categories actually or technically under arms there.

Someone raised the question with me yesterday as to whether American soldiers wouldn't be needed in an invasion of western Europe, and the answer to that is "no." As a high British army officer remarked to me, there aren't sufficient ships in the whole world to transport enough American soldiers and equipment and supplies for a concerted landing in Europe against enemy opposition.

Still, when the fighting opens up in the Middle East the allies are going to need troops and equipment which they do not possess. The answer as to which direction they are going to turn for help is easy.

Small Business Man Returns From Defense Clinic With Contract

Chicago, Oct. 23.—(AP)—Alfred Butler, a small business man who came in his overalls to the midwest clinic on defense production, went back to his welding shop today without a sub-contract.

The 27 year old shop owner wanted defense work so badly that he drove to Chicago Tuesday night from Pekin, Ill., and slept in his automobile to be on hand when the clinic doors opened.

He talked to government officials and big industrialists, explaining he had one helper, Ore Denning, 18, who accompanied him, and could easily hire four more welders.

Today he said his only offer was a job for himself in the Buckeye Traction Ditch Co., of Findlay, O.

"But I'm in business for myself," he protested as he climbed into his car to go home. "And I'm staying in business until the shortage of non defense work forces me to close my doors." Then he said he would probably accept the Ohio offer.

Nazis Find Going Before Capital of Russia Difficult

British Informants Predict City Will Hold This Winter

By The Associated Press
German troops smashing through Moscow's outer defenses from the southwest and west have reached points within 38 miles of the U. S. S. R. capital, Adolf Hitler's high command said today, and London dispatches reported that the nazis were taking to the air with parachute troops and reserve planes in great numbers.

While the Germans pictured their troops as driving almost to Moscow's suburbs, British informants said that the Russians were turning the soviet capital into another Verdun and that the nazis were finding the going increasingly difficult.

"It's 20 to 1 they'll never take Moscow this winter," the source declared.

Strong German forces were reported striking hard on the southern (Ukraine) front, jabbing for a soft spot through which to drive into the rich Caucasian oil fields.

New Red Commander
The nazi claim of a double breakthrough came as the Russians disclosed a shakeup in the supreme soviet command on the central front, with Gen. Gregory K. Zhukov, chief of staff, replacing the veteran Marshal Semeon Timoshenko.

Under the new setup, General Zhukov takes command of the entire western zone.

Cited as a "fighting, experienced leader," the new Red commander was credited by the Russians with having already tightened Moscow's defenses.

Timoshenko was reported transferred to another post.

As the Russians battled desperately against an acknowledged German numerical superiority in tanks and troops, an authoritative source in London bluntly declared that Britain's frontier was on the Volga and urged that imperial Middle East forces—estimated at nearly 1,000,000 troops—be sent to support the Russians in the Ukraine.

Hundreds of Reserves

London advices said the Germans, attempting to break the bloody stalemate on land, had thrown hundreds of reserve planes and parachute troops into the 22-day-old struggle before Moscow.

Latest soviet military dispatches

Registration Law Faces Court Fight

Taylorville, Ill., Oct. 23.—(AP)—A hearing on an injunction petition challenging the new Illinois statewide permanent voters' registration law was tentatively set today for Monday in the Christian County Circuit court before Judge Franklin R. Dove of Shelbyville.

The petition, attacking the 1941 act on grounds of constitutionality, seeks to restrain County Clerk Pentius Fellers from carrying out provisions of the statute. If granted, the injunction would apply directly only to Christian county, attorneys said, but might serve as the beginning of a Supreme court test of the act.

A group of business men who joined in the petition claimed the act placed excessive expense on the county, that it granted undue powers to the county clerk, and that it made no provision for registration of absentee voters.

Registrations are scheduled to begin next June in every downstate county under the act which requires voters to register in person in advance of the November, 1942, election.

Beaverbrook Reveals Details of Promises Made at Moscow Meeting

London, Oct. 23.—(AP)—Lord Beaverbrook told the House of Lords today that the United States and British missions to Russia had promised Joseph Stalin to make up Russia's losses in tanks and planes in the war against Germany by shipments from their two countries.

Beaverbrook, minister of supply and head of the British war aid mission to Moscow, declared that Russia has lost textile, munitions and heavy machine industries of great value and compared the U. S. S. R.'s position to that of Britain after Dunkerque.

Stalin told the mission that the Germans had changed panzer tactics in the attacks on Russia by using small numbers of tanks with infantry instead of in masses, Beaverbrook said in a

\$217,772,054

Washington, Oct. 23.—(AP)—Government employees totaled 1,444,985 at the end of August, an increase of 53,296 over July, the Civil Service Commission reported today.

The war and navy departments accounted for nearly all of the gain. The war department added 30,569 civilian workers, bringing its total to 358,788, compared with 150,112 at the end of August, 1940.

The navy took on 17,954, raising its force to 253,421 compared with 133,917 a year ago.

The August payroll amounted to \$218,772,054, an increase of \$11,794,748 over July.

Nation's Industry Continues Torn by Laborers' Unrest

BULLETIN
Detroit, Oct. 23.—(AP)—Michigan state police were ordered to guard approaches to the Ecorse plant of the Great Lakes Steel Corp. at 4 p. m. today when the management planned to resume operations despite a strike.

Capt. Laurence A. Lyon of state police said approximately 100 troopers drawn from southern Michigan posts would be on duty.

The plant has been idle for eight days since a walkout described by company and union officials as a "wildcat" strike halted production of vital defense material. Federal conciliators have been seeking a settlement.

(By The Associated Press)

Seven large steel companies today faced the prospect of strikes in their "captive" coal mines next Monday midnight, while 20,000 Alabama coal miners remained idle in a wage dispute.

The CIO United Mine Workers last night issued a formal strike call in the captive mines, renewing their demand for a union shop. A similar demand last month caused a seven day strike of 43,000 workers, ended by a 30 day truce arranged to permit the National Defense Mediation board to consider the dispute.

While the Office of Production Management appealed to workers and management to avoid "interruption of work by strikes or slowdowns" in "these days when material on the battlefield is everything", there were these developments in the defense labor situation:

Union Leaders Defied

Detroit: CIO unionists, openly rebelling against their own union leaders, continued picketing the Great Lakes Steel Corporation plant which until their walkout a week ago was producing high tensile steel for defense uses.

Pittsburgh: A decision to medi-

(Continued on Page 6)

Dixon Youth Is On Ship Ordered by Navy To Avoid Shanghai

The liner President Tyler on which Fred Bovey, son of Mrs. William Bovey of Dixon, is working toward his cadetship, has been ordered by the U. S. Navy to avoid the Japanese-controlled port of Shanghai, according to an Associated Press dispatch today.

The President Line ship, now in Manila, was scheduled to arrive in Shanghai Oct. 29 but will go instead to Hongkong and then directly to Honolulu.

Informed sources have declared that it was apparent that the United States was taking no chances of any sudden Japanese naval action in the present crisis.

Another President Line ship which returned to Honolulu after steaming 1400 miles toward Shanghai has been ordered to sail to Manila, eliminating its scheduled Shanghai call.

Only Recipient of Death Penalty in Lee Co. Is Visitor

R. E. Johnson Recalls Witnessing Building of Scaffold at Jail

R. E. Johnson, 50-year-old East Indian, who is the only individual who ever received the death sentence in a Lee county court, arrived in Dixon this morning following his release yesterday from the state penitentiary at Stateville, where he has been a trusted inmate for more than 22 years, and related how, from his cell in the Lee county jail, he had witnessed the preliminary construction of the gallows on which he was to be hanged until his sentence was commuted by the late Governor Frank O. Lowden. Later, the late Gov. Len Small commuted his sentence for murder to 42 years, and after serving 22 years and eight months, Johnson gained his liberty through his fine record in the penitentiary.

"My only reason for coming back to Dixon and Lee county was to establish my innocence of the charge," Johnson stated as he walked first into the Circuit court room at the court house this morning and then went to Judge George C. Dixon's chambers, where he identified himself.

Sentenced in 1919

Johnson was sentenced by the late Judge Oscar E. Heard of Freeport for the murder of George Bush in the NorthWestern yards at Nelson on the afternoon of Dec. 6, 1918. Many who took part in the trial have passed away, including the presiding judge, Oscar E. Heard; the prosecutor, Harry Edwards; the defense attorney, Martin J. Gannon; Sheriff Frank Schoenholz and his chief deputy Robert R. Phillips. Circuit Clerk E. S. Rosecrans, who held office at the time of the trial, is one of the very few living court officers, who were present at the trial. Joe Miller of the fire department, was turnkey at the county jail, during the period that Johnson was incarcerated.

Johnson received the sentence to be hanged in the yard at the county jail, and Sheriff Schoenholz made efforts to secure a gallows from both Cook and Will counties, in which he was unsuccessful, then ordered the lumber and preliminary work had been started on the building of the scaffold when Johnson sentence was commuted to life imprisonment by Governor Lowden.

Heard Carpenters at Work

During the period Johnson recalls having heard the carpenters working on the scaffold on which he was to be hanged. During the period he has been confined in the state penitentiary Johnson has made a study of criminal law and while he has no immediate plans for his future, he hopes to take up the practice of law in Ohio or Michigan. His companion, Al Lucas, who received a life sentence for his alleged implication in the murder, was released from the penitentiary about six weeks ago. Lucas also returned to Dixon and was here for several days, visiting the scenes of his brief residence in Nelson.

"The very kind treatment accorded me by the people of Lee county, particularly in Nelson, prompted me to come here first, and it has been my desire during more than 22 years, to return and establish the fact that I was innocent of the crime for which I was sentenced," Johnson said.

He was born in Southampton,

(Continued on Page 6)

Army Air Corps of 400,000 Planned

Washington, Oct. 23.—(AP)—Secretary Stimson announced war department preparations today to expand the army air forces to 400,000 flying cadets and enlisted men by next June 30, nearly tripling their present strength.

"Subsequent expansion, possibly to the 500,000 level, is possible beyond that date," Stimson said. The present organization of the air forces is based on 54 combat groups, whereas the enlarged program calls for 84 such groups, each composed of several squadrons.

Congress was told the original program provided for a force of 25,000 planes, but Stimson declined to state how many of these were in service or how many were contemplated under the enlarged program.

Although Stimson declined to disclose the army's present air strength in fliers or planes, the war department said that last June 30 the air forces included 10,697 regular and reserve officers, 8,707 flying cadets and 126,656 enlisted men.

Taxpayers' Group Challenges Validity of Registration Act

Taylorville, Ill., Oct. 23—(AP)—Challenging the validity of Illinois' new statewide permanent voters' registration act, a taxpayers' group petitioned for a temporary injunction today in Christian county circuit court to restrain County Clerk Prentiss Fellers from purchasing supplies and equipment to carry out provisions of the act.

Their petition contended the act entailed undue expense and financial hardship on the taxpayers, and involved delegation of excessive powers to county clerks. Enacted by the legislature this year, the new law provides that all Illinois voters must be registered under a permanent card index registry system in order to be eligible to vote in the 1942 senatorial and congressional elections. Expense of the registration, which has been unofficially estimated at over \$500,000 for downstate counties, must be paid out of county funds. The act does not apply to the primary next April.

Was Limited to Few Areas Prior to enactment of the statute, permanent voter registration was limited to Chicago and nine downstate cities having election commissions. County clerks are designated as registration supervisors under the statewide act, sponsored in the general assembly by Rep. Clinton Searle (R-Rock Island).

The suit here was started by a

group headed by James Humphrey, president of the Taylorville Association of Commerce, and William M. Grimes, supervisor of Rosamond township. County Clerk Prentiss estimated equipment and supplies for carrying out provisions of the act in Christian county would cost approximately \$10,000.

New Zealand Bandit Who Evaded Arrest Dies of Bullet Wounds

Auckland, New Zealand, Oct. 22—(AP)—Stanley Graham, who killed six men within 14 days in a vain attempt to evade arrest on a murder charge, died in a hospital here of bullet wounds inflicted by a constable who finally dropped him from ambush.

Once a peaceable farmer, Graham became a fugitive October 7, when he was charged with a slaying. He escaped to the rugged west coast district of South Island, evaded aerial hunters who took off to look for him daily and fought five running fights with hundreds of homeguardsmen and police. He raided villages and killed cattle for food.

He was spotted through field glasses by a scout yesterday, however, and a constable named Quirkie cut ahead to intercept him. Crouching behind a bush, he fired at 25 yards.

"You got me," Graham cried, clutching his chest.

Vanadium was discovered in Peru in 1904 and that country supplies nearly 70 percent of the world's present supply.

"House of Magic" Here Nov. 5

H. D. Sanborn, of General Electric's "House of Magic," demonstrating the stroboscope.

The magician's hand is quicker than the eye, but not as quick as the hand of electricity, which performs the "magic" of the General Electric "House of Magic," a science show which will be presented here on Wednesday, November 5 at the Dixon high school auditorium.

"In the House of Magic" the eye is fascinated to see brilliant colors leap out under the invisible light rays of the ultraviolet lamp, music traveling across the stage on a beam of light, or a shadow which stands still when its owner walks away.

It is the same show which more than 3,000,000 persons saw at the New York World's Fair and which one New York newspaper called "the most incredible and awe-inspiring feature of the Fair." The "House of Magic" is the name originally given to the research laboratories of the General Electric Company by the late Floyd Gibbons.

New developments of the research laboratory which are of most interest to the layman are included in the science show. The lecturer squeezes the light out of a gas-filled tube with his hand,

lights an incandescent lamp with a match, and holds a lamp in his hands which is lighted with the electric current flowing through his arms.

Stroboscope light, which flashes off and on to quickly for the eye to detect the change, is used to make a disk seem to stand still although it is whirling at the rate of 900 revolutions a minute. Spinning rainbows melt and fade into each other with infinite variety when blue stroboscope light is thrown on another disk covered with a crazy pattern in fluorescent paint.

The light of the firefly is imitated in light produced by chemicals. It is a cold light, but the cost of producing it is some 25,000,000 times that of the incandescent lamp.

By capacity control of electric current, a "kidnap detector" is demonstrated. Whenever a body draws near the "baby," it causes a bell to ring it is impossible to touch the baby without ringing the bell.

Humidity, too, controls electric current in another demonstration. With the aid of the "electric eye," it is shown that light can control electric current. Polarized

light demonstrations show that ordinary light travels through a single layer of Polaroid under all conditions. Through the use of two pieces of Polaroid, light can be transmitted or stopped at will, depending on the relative position of the Polaroid pieces.

There is no charge for the show. Free tickets may be obtained at the offices of the Illinois Northern Utilities Company or electrical appliance dealers.

Lawn Mower Companies in Bad With Uncle Sam

Washington, Oct. 23—(AP)—Eclipse Lawn Mower Company of Prophetstown, Ill., and five other corporations and Power & Gang Mower Manufacturers' Association of Chicago have been ordered by the Federal Trade Commission to cease and desist from a price maintenance combination or conspiracy held to be in restraint of trade.

The commission, in its announcement made here, said that the companies were alleged to have agreed to maintain prices, use standard discounts and terms of sale, and grant uniform trade-in allowances on used equipment.

Seven Communities Face Unemployment Without Defense Work

Washington, Oct. 22—(AP)—An OPM official told a senate committee today that seven communities have been certified to the war and navy departments as facing severe unemployment unless special consideration is given them in awarding defense work.

This testimony was given the defense investigating committee by Floyd B. Odium, director of OPM's division of contract distribution, in response to questions as to what progress had been made by the recently created division in spreading defense work.

The communities which have been certified, Odium said, are Grand Rapids, and Greenville, Mich.; Eaton, Ga.; Ripon, Wis.; Newton and Kellogg, Ia., and Mansfield, Ohio.

The certifications, Odium explained, were made on the basis of investigations by the labor division of OPM as to the unemployment situation in each of the communities and studies by the contract distribution division as to defense production possibilities.

Illinois exceeds all states except Texas in railway mileage. If yards and terminals are included, Illinois ranks as first.

Thomas Jefferson died on July 4, 1826, just 50 years after the adoption of the document which made him famous.

BACKACHE, LEG PAINS MAY BE DANGER SIGN Of Tired Kidneys

If backache and leg pains are making you miserable, don't just complain and do nothing about them. Nature may be warning you that your kidneys need attention. The kidneys are Nature's chief way of taking excess acids and poisonous waste out of the blood. They help most people pass about 2 pints a day. If the 15 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start nagging at the backache, rheumatic pains, leg pains, loss of energy, getting up at night, swelling, puffiness under the eyes, headache and dizziness. Frequent or scanty passages with smarting and burning sometimes show there is something wrong with your kidneys or bladder. Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from the blood. Get Doan's Pills.

A Thought For Today

Take heed what ye hear: with what measure ye mete, it shall be measured to you; and unto you that hear shall more be given.—Mark 4:24

None so deaf as those that will not hear.—Matthew Henry.

Population Shifts Cause Concern

Adolf A. Berle, assistant secretary of state, is writing and talking at length, these days, on the shifts in national population. He foresees considerable redistribution as necessary after the current defense boom passes.

Early in its history, the United States was predominantly rural in character. Settlers took up land, and raised crops. Cities were not large or numerous. Following the Civil war, though, manufacturing started to develop on grand scale, and the farm youths flocked to cities and towns to work in plants and shops. Farm machinery relieved the need for labor on the farm, and these migrants to town could be spared.

This cityward trend continued until the first census taken after demobilization at the end of the World war. This nose count showed 56.2 per cent of Americans living in towns of 2500 or more. Then came the slump and depression, and the gravitation of job seekers to cities ceased. In fact, city dwellers started drifting into the country, and urban populations began to shrink.

These dwindlings had hardly been noted, however, before the defense boom had arrived. Immediately urban industries began clamoring again for workers, and the drift back to the city began again—although it's hardly a drift, for workers have been piling into cities, such as our own area, at such a rate that there aren't enough houses to hold them.

Congestion in the cities is worse than it ever was before. Census officials calculate that if they had made their 1940 tally in 1941, many cities showing loss in 1940 would be revealed as breaking growth records.

It is uncomfortable for the new arrivals in cities to sleep on park benches or in automobiles, while they wait for new construction to provide accommodations, but at least they are on payrolls and can eat. It is what is going to happen as the next phase which worries such persons as Mr. Berle.

Right now there is a certain proportion of unemployment among craftsmen in non-defense industries, those industries which have to curtail production or shut down entirely, because of the priority system which makes raw material unavailable. Still, defense industries will possibly re-employ many of these—for the time being. The thing which far-sighted observers are thinking is:

What's going to happen when the war ends and the defense boom stops?

Part of the answer is that civilian production will get back to normal and take up part of the slack. It is suggested, too, that there may be decentralization of manufacturing due to hydro-electric developments, and that agriculture may be glad to get extra farm hands once more.

At any rate, there probably will be some redistribution of the population—and it's something to study, along with the other problems which will arise.

Middle Class Must Be Preserved

We have heard a comparison of the modern state to a barrel of ale—froth on top, dregs at the bottom, and the sound, clear liquor in the middle. It is the middle class society which in every government has been the greatest strength against revolution.

When the Russian bolsheviks overthrew civilized government in the land of the former czars, the aristocrats were dispatched first, and then the work of eliminating the middle class was carried out. This was not particularly difficult in Russia because the middle class was never strongly entrenched there.

In Germany the scourge of inflation eliminated the middle class, in effect, and prepared the way for Hitler. Great Britain has always maintained that her greatest strength lay in the great middle class of free Englishmen—the sturdy yeomen of the middle ages. But now in Great Britain socialist agitators talk freely of setting up a socialist state after the war, for the reason that every class of society will be destroyed excepting the proletariat.

The middle class has, until very recently, reigned supreme in the United States. The democratic and republican parties as we knew them were controlled by the middle classes, despite the charge of plutocracy occasionally blown about by their socialist critics. But during the last ten years the assault of the social reformers had been particularly vicious against the middle class. We have only to look at the record. Big business and the man on relief have been usually favored at the expense of the "middle fellow." The Blue Eagle was apparently designed to help big business swallow up little business. One tax law after another has been designed against the middle class. The assault is now being particularly directed against the lower brackets of wage earners in the so-called middle classes.

Dr. Moulton and Dr. Jacobstein of the Brookings institution in a recent discussion of our new tax law and proposed fixing of price levels, declared that "the so-called middle classes have had heavy increases in tax without compensating advances in cash income."

And so it goes. Apparently our social planners are prepared to take it out on the middle class, the small business and professional man and the white collar worker wherever possible. So far only the farmer has been spared—due perhaps to his political potentialities. Can it be that some of these social planners believe that by the elimination of the middle classes or by pushing them into the sub-stratum they will usher in a socialist state? Big business will be easy to handle. It can be taken over by one stroke of the pen. But the big stumbling block is the numerous middle class. If it could be eliminated socialization would be easy.

Registered Nurses of Dixon Set New Scale for Service

Schedule Is Patterned After Those in Effect in Larger Hospitals

Registered nurses at the Katherine Shaw Betha hospital have enacted a new rate for their professional services which went into effect Oct. 15th. The new schedule is patterned after rate fees charged in hospitals in many larger cities but according to local physicians, Dixon is the smallest locality known in this section to come under the new schedule.

In the past registered nurses at the Dixon public hospital are reported to have worked under a schedule which provided a fee of \$7 for 20 hours service. Under the new system the fee is \$5 for eight hours of service. Also effective under the new plan which affects not more than 35 members of the nursing profession in the Dixon public hospital, the members maintain a registry, which is being conducted by a nurse.

The new schedule has been met with criticism by some of the staff physicians whose patients are taken to the Dixon hospital, while others have no complaint to find. One physician when asked his opinion of the new schedule, told a Telegraph representative:

Thinks Time Inopportune "This system has been introduced in hospitals in large cities where it has worked out very agreeably. However, in Dixon, I believe that the nurses have arranged the schedule at an inopportune time, adapting it to an expanded condition which in reality, does not exist here. I do not know of another community as small as Dixon where this plan has been put into effect in the hospital."

In addition to the fee of \$5 for an eight hour day, under the new schedule the patient is required to pay an additional charge for the nurses meals, 50 cents for dinner and supper and a lesser amount for breakfast.

Some criticism has been voiced against the new schedule over the old system, where it is required to change nurses at the end of an eight hour period where formerly the same attending nurse continued on duty for a period of 20 hours. The registry plan where nurses are called in order instead of by personal selection, was also criticized. Some patients like the privilege of choosing their nurses.

New Section Open Physicians of Dixon and vicinity using the Katherine Shaw Betha hospital for the care of their patients have received a schedule of rates for the new section, a portion of which is now in use. The fee for both ward and private room is slightly higher. The nursery has been transferred to the new section and many of the rooms on the second floor of the new wing are now in use and others are to be ready for occupancy within a few days.

Under the new schedule patients at the hospital will be required to pay \$5 for eight hours of nursing or \$15 for 24 hours, plus about \$1.50 for the nurse's board if at the hospital, a total of \$16.50 for a 24 hour period. This figure totals \$495 for a nursing period of 30 days.

Cave-In Swallows Old Mine, Scene of Tragedy

Moweaqua, Ill., Oct. 23—(AP)—A water-filled cave-in has swallowed the abandoned buildings of the old Moweaqua coal mine, where 34 miners lost their lives in a 1932 Christmas Eve explosion. To protect onlookers, a heavy barbed wire barricaded stretched today around the hole, which is 75 feet across and more than 40 feet deep. Old miners who were above ground at the time of the 1932 tragedy predicted further cave-ins.

The mine was abandoned in 1935. Two years ago a rockfall half way down the 600-foot shaft sent one of the cages to the bottom and smashed the other against the top of the tippie. In 1940 a strong wind blew down the tippie, which now has settled into the water-filled shaft.

State Legislature Costs \$1,305,112 in 6 Months

Springfield, Ill., Oct. 23—(AP)—The cost of operating the Illinois legislature during the first six months of the year totaled \$1,305,112.22 for salaries of legislators, wages for employees and incidental expenses.

State Auditor Arthur C. Lueder made public the operating cost, which was \$3,025.68 over the cost of the 1939 legislature.

The biggest single item continued to be salaries and expenses of legislators, who receive \$5,000 for each two-year term of the general assembly and travel expenses. The total this year was \$1,120,502.50 compared with \$1,085,516.15 for 1939.

NEWS BEHIND THE NEWS

By PAUL MALLON

(Distributed by King Features Syndicate, Inc. Reproduction in whole or in part strictly prohibited.)

Washington, Oct. 22—Hitler is throwing every war energy into Russia as if that were his only front. But the items of news slipping out from the various other European quarters suggest his greatest obstacle to ultimate success lies in other directions. A Nazi general is killed on the streets in France. An uprising in Greece provokes slaughter that cannot be concealed. The news that the Italians are fortifying the Brenner Pass has now been officially confirmed. These and similar developments lately disclose the fact that Hitler in his successes has brought on the condition he most dreaded and destroyed most to escape—encirclement.

The Nazi system has developed many new methods of bringing reluctant nations, peoples and forces to its own service. The idea of holding the French army in prison to force the cooperation of the French government and people is an example.

But Hitler is finding that oppression and conquest cannot be maintained successfully through fear and force. There comes a time when conquered peoples will resent and fight oppression more than any punishment that can be brought to bear against them. The breaking point is reached when their enslaved condition becomes so unbearable, that they are willing to risk their lives and safety to express their resistance.

Thus the battle line which the Nazis face has been extended in every direction. To survive and maintain a living German nation, Hitler cannot get along without the voluntary cooperation of the nations he has conquered. He cannot get oil from Rumania, iron ore from Norway, grain from the Ukraine in quantities he requires on the basis of fear and force that he has established. Sabotage cannot be stamped out by this method and it is bound to expand and undermine his military conquests.

These obvious conditions belie the Nazi line of propaganda that several public men, including Admiral Byrd and Interior Secretary Ickes have been shifting into lately, namely, that Hitler must be defeated on the field of battle. The truth seems to be he is defeating himself.

There are no battlefields upon which a new AEF could venture with any reasonable expectations of success. The problem of transportation alone would prevent us from attempting to throw an army in behind the Russians, for example. The same difficulty has thus far prevented and will no doubt continue to prevent any American move to establish a base for aggressive action in Africa or in Europe.

Hitler has made his real battlefield, a political and economic battlefield at every point of conquest, and there is where he will be defeated.

Napoleon also failed from too many victories. He could conquer but he could not manage his conquests. His system was to establish relatives or authorities securely bound to his interests to exert his will over conquered peoples. But neither he, Hitler nor anyone else has ever found, nor ever will find, a way to maintain a successful dominating control over reluctant people for the long run.

The only possible way in which control might be exerted successfully is to establish a voluntary desire for cooperation among them. It could be done, for instance, if Hitler could create a prosperity beyond that which the conquered people previously have known. He could do it if he could offer conditions of living which they would consider more desirable than what they have known. Then he could draw from them the spirit and cooperation necessary to make his system operate successfully.

That is impossible now. He has taken the opposite course. He has chosen to dominate rather than rule by reason. Thus by his own tactics is der fuhrer gradually defeating himself.

Lodges

A. L. Auxiliary—Fifteen members of the American Legion Auxiliary and a visitor, Mrs. Durin of Rochelle, were present at last evening's meeting for the unit in the G. A. R. hall.

The first Tuesday of each month was announced as the regular meeting date for the Past President's club. Plans were discussed for presenting flags to two Lee county schools and for establishing a birthday bank.

The next meeting will be held Nov. 12.

R. A. M.—A special meeting of Nachusa chapter, No. 56, R. A. M., will be held at the Masonic Temple Friday evening at 7:30. The Mark Master degree will be conferred upon a class of candidates. A good attendance is desired and following the session refreshments will be served.

Dixon Squadron, No. 13, Sons of American Legion will hold its regular monthly meeting at the Legion hall Thursday evening at 7:30 o'clock. All members are urged to attend.

English Leaders Debate Invasion Of The Continent

Laborites Declares That Army Wants a Fight; Ready to Send Aid

London, Oct. 23—(AP)—Members of the House of Commons in a war debate today suggested attacks on Italy, night landings on the continent by raiding parties and sending British troops to the Ukraine as a means of helping Russia.

Laborite Philip J. Noel-Baker, opening for the opposition in a full dress debate on the conduct of the war, declared Britain's frontier was now on the Volga and suggested that Britain's forces in the middle east be sent to support the Russians in the Ukraine.

"This country is ready for any sacrifice to help the Russians," he declared. "The army wants to fight."

No longer the Rhine, but the Volga and Don are Britain's frontier, he said, expressing the belief that "the government's greatest mistake was not seeing the total identity of interests between our allies and ourselves."

Widespread Anxiety While praising Prime Minister Churchill for refusing to discuss questions of strategy, he declared "there is deep and widespread anxiety about the war in Russia and what British forces have done to help Russia in her hour of need."

"We now have powerful forces in the middle east," he said, "and I believe our people would be very happy if some part of these forces could be sent to support Russian armies in the Ukraine."

Discussing the question of opening up a western front, Commander Stephen King-Hall, Laborite, said:

"We can not land a force in the west until the German home front begins to disintegrate."

"But Hitler's empire has a bottom as well as two sides and the flattest part of the bottom is that appendage called Italy and that opens up vital possibilities."

"If Russia Surrenders" "If Russia surrenders," said Col. Josiah Wedgwood, Laborite member, "I don't doubt whether our resolution to hold out would endure for long, so tempting would be Hitler's offer for peace."

"If Russia goes out and America does not come in and Hitler offers us terms whereby the British empire would be left intact our resolution must be firm."

"There is no hope for us but to smash Hitler and now we have a God-given chance of actually doing it."

Wedgwood suggested that there were at least 100 places along the coast of Europe where British troops could make nightly raids "which would give the army training in fighting which they would never get from maneuvers."

Deaths

Local—
MRS. THERON TAYLOR Mrs. Theron H. Taylor passed away at 5:00 o'clock this morning at her home, 818 Woodlawn avenue, after a long illness. Funeral services will be held at Bethel Evangelical church at 2:30 o'clock Saturday afternoon, the Rev. R. S. Wilson, pastor, officiating, and burial will be in Chapel Hill memorial park.

Mrs. Taylor was born in Bureau township, Bureau county, July 17, 1878 and is survived by her husband; five children, Mrs. Florence Frey of Kewanee, Eugene T. Taylor of Dixon, Mrs. Gladys Hoffman of Rockford, and Rosella at home; one brother, Everett Conkling of Garden Prairie; and two sisters, Mrs. Mabel Landers and Mrs. Aaron McPherson, both of Princeton.

BABY SMITH Thomas George Smith, three-day-old son of Mr. and Mrs. Mark Smith of Dixon, passed away this morning at Oregon. Short funeral services were held at the grave in the Morrison cemetery this afternoon.

Suburban—
JAMES DEVANEY (Telegraph Special Service) Polo, Oct. 23—James Devaney, 76, passed away at 8:15 o'clock this morning at the home of his niece, Miss Katherine Keagy, with whom he had resided for eight years, death resulting from a cerebral hemorrhage which he suffered at about 3:00 o'clock Wednesday afternoon, and from which he did not regain consciousness.

Funeral services will be held at the Catholic church at 9:30 o'clock Saturday morning, the Rev. Fr. C. Alired Dietrich officiating, and burial will be in St. Mary's cemetery.

Mr. Devaney was born on a farm near Polo, June 25, 1865, the son of Owen and Elizabeth Devaney and with the exception of twenty years spent in Dixon, his whole life was lived in the Polo community. He is survived by two nieces, Miss Keagy and Miss Ruth Devaney of Polo; a nephew, Roy Devaney of Bloomington, and several nieces and nephews in Kansas.

North America has about 50 varieties of ducks. There are 200 species in the world.

HOLD EVERYTHING

"I found the smell of bacon and eggs twice as effective as the bugle for getting 'em up in the morning, sir!"

People's Column

International Temperance Sunday October 26, 1941

The Fourth Quarterly Temperance Lesson for 1941, formerly known as World's Temperance Sunday and now known as International Temperance Sunday, occurs on October 26 this year.

The title of the lesson is Civic Responsibility regarding beverage alcohol. Golden Text: "Righteousness exalteth a nation, but sin is a reproach to any people." Prov. 14:34. Intermediate and Senior Topics: What our community can do about the Drink Problem.

Topic for Young People and Adults: Civic responsibility regarding the Drink Problem. The lesson is divided into three parts as follows:

1. Community Responsibilities.
2. God in the Community.
3. Accepting Civic Responsibility.

"Be Alert! and Don't Get Hurt!" is a slogan which is used by permission of the National Safety Council and it is the title of an excellent leaflet which could be distributed to our boys and girls of the Sunday Schools.

J. Edgar Hoover says, "In my concepts of Christian Citizenship is a principle that all should follow the teachings of the Golden Rule in every act, and word in daily life. If each individual would respect the rights of others our laws would be enforced automatically and America would no longer be a crime ridden nation."

Last year 1,500,000 serious offenses were committed in the United States. Such a condition is possible because of the apathy of American citizens.

Christian Citizenship signifies the proper training of the youth through the church, the home and the schools.

What a challenge this is to us as members of the Church and Bible Schools. Let us see to it as members of the Christian Temperance Union that temperance teaching and training be given in all departments of our Church Schools. May we consecrate ourselves anew to this task and with God's help grasp this great opportunity.

If we cannot have a program we can distribute some of our convincing leaflets such as "Do you know why they don't tell you?" "Why drinks dulls the driver" and "If you saw some one headed for a precinct wouldn't you try to stop him?"

A revised playlet entitled, "Temperance Tides in American History" for the young people and another playlet, "You Can't Fool Us," for the children are recommended. Secure pledges at the close of the program and make a beautiful pledge flag out of the red, white and blue pledge cards. If you do not have the leaflet of instructions for making the pledge write us for the same.

Mrs. Hilda Richardson, State Director of Ill. W. C. T. U.

Church News

BETHEL EVANGELICAL Tonight the children who have been attending the children's meetings in accordance with the revivals being held at the Bethel church, will give a demonstration of some of the things they have learned. Older people will benefit from this as well as the children.

There will also be a delegation from the Grace Evangelical church present. Last evening the Church of the Brethren visited the meetings.

Rev. Sylvester Sandford will bring the message with an inspiring song service preceding the sermon. Rev. R. S. Wilson, the pastor, acts as pianist and directs the music.

St. Patrick's Catholic—Every Friday Novena to Our Sorrowful Mother, services at 3:00, 7:00 and 8:00.

Sunday Mass hours: 6:00, 7:30, 9:00 and 10:30.

Average number of sick days in the U. S. navy in 1938 was 8.3 per person. A total of 1,474 persons received treatment.

Pastor from Rock Falls Speaks Here for Woman's Club

The Rev. James Uhlinger came from Rock Falls yesterday to open the Dixon Woman's club series of public book reviews at an afternoon program in the Loveland Community House. Addressing an appreciative and attentive audience, Mr. Uhlinger gave his impressions of "The Keys of the Kingdom," by Dr. A. J. Cronin. The author, Mr. Uhlinger said, is 45 years old, and is now living in America. "The Keys to the Kingdom" is his third best seller, the other two being "Hatter's Castle" and "The Citadel." "The Keys to the Kingdom," the speaker explained, is a best seller because it is "a good book, has quality, a fairness and decency."

The story is built around a Scotch priest, Father Francis Chesholm, and his efforts to live the philosophy of human kindness. Dr. Cronin understood from experience the life of the laboring people, and knew all the injustices of the English labor system. While practicing medicine in London, he realized the need for love and kindness to help bear the burden and rebuild broken lives.

In his story, Dr. Cronin has created a humble priest whose life is woven of kindness, patience, love, tolerance, meekness and faith—a great life humbly serving humanity.

Miss Margaret Kling announced the next book review for Nov. 5, with Mrs. F. L. Blewfield as the speaker.

MOTHERS' CLUB MEETS AT DINNER

Members of the Mothers' club were dining together last evening at the Presbyterian church. Covers were arranged for 29 members and three visitors.

Mrs. Ben B. Billinger presented the program, reviewing Dr. Ernest Lothar's book, "A Woman Is Witness." Mrs. Clinton Uter was hostess chairman for the evening.

Another panel discussion is scheduled for the next meeting, Nov. 12.

BETA SIGMA PHIS
Beta Sigma Phis of Gamma Mu chapter met Tuesday evening at the Loveland Community House, with Miss Frances Crowley in charge of the program. Speech and oratory was the study topic for the evening.

Guests included Beverly McBride, Mary Jean Hake, Clara Gray, Mary Jane Hoberg, Helen Friedrichs, and Gula Smith.

EVENING CLUB
Members of an evening bridge club were guests of Mrs. Charles Roundy last night. Three tables were formed for contract, with Mrs. F. W. Lynch, Mrs. Russell Byers, and Mrs. Howard Edwards receiving prizes.

Mrs. H. E. Marselus is to be the next hostess.

PRAIRIEVILLE CIRCLE
Parts for a play, to be presented later in the season at Prairieville church, were distributed when members of Prairieville social circle met yesterday at the home of Mrs. Clarence Lenox. Twenty-three members and six guests were present, enjoying a scramble luncheon at noon.

Mrs. Charles Kells suggested games as the afternoon's pastime. Mrs. Lawrence Book and Mrs. Kells will entertain at the church, Nov. 12.

ART STUDENTS VISIT TELEGRAPH

Miss Hope Edson and 14 members of her freshman art class visited The Dixon Evening Telegraph on an afternoon field trip yesterday. A tour of The Telegraph building and engraving plant was planned to supplement the group's textbook study of graphic arts, including the process of printing.

Students accompanying Miss Edson were Darlene Houck, Francine Gilmore, Lillian Christ, Jean Marloth, Virginia Bryant, Paul Denison, Norton Weed, John McConnell, Kenneth Young, Don Hamill, Francis Tully, Lester Robinson, Robert J. Moeller, and Gerald Lester.

DINNER GUESTS
Two draftsmen from Camp Forrest, Tennessee—Pvt. Guy E. Moser, Jr. and Pfc. LeRoy Wagner—were guests of honor at a scramble dinner served Sunday at the home of Mr. and Mrs. John A. Maronde in Assembly Park.

Attending were Guy E. Moser, Sr. of Oregon, Donald Moser of Rockford, Roberta and Robert Reid of Amboy, Mrs. Guy E. Moser Jr. of Nashville, Tenn., who plans to remain in Dixon, and Frank W. Fisher, Mr. and Mrs. Edward Fisher and son Robert, Mr. and Mrs. Charles Helfrich and children William, Pearl, Glen and Albert, Mr. and Mrs. William Fisher, Mr. and Mrs. George Miller and daughter Joyce Ann, Mr. and Mrs. Arthur Johnson and son Arthur, Jr., Alice and Grace Helfrich, the guests of honor, and the Marondes.

RED CROSS SEWING
Fourteen members of Dixon Afternoon Home Bureau unit were sewing for the Red Cross at an all-day meeting yesterday at the home of Mrs. Earl Auman. Eight women's dresses were completed during the day.

The needlewomen paused in their work at noon to enjoy a scramble luncheon.

ROYAL NEIGHBORS
Mrs. Ray Krug will entertain Royal Neighbors with a Halloween party at 8 o'clock this evening at her home. Mrs. Minnie Miller is to be her co-hostess.

Amboy High School Alumni association—Homecoming celebration.

Monday
Chapter AC, P. E. O. Sisterhood—Mrs. Frank Robinson, hostess, 2:30 p. m.

Style Show Draws 350 Guests to Loveland House

Women of St. Anne's Guild did a satisfying job of showing fall and winter fashions on Tuesday evening at the Loveland Community House. It was an entertaining revue, and attracted an admiring audience of about 350 guests.

Coats, wool suits, silk and wool dresses, housecoats and formal wear were modeled during the program, which also included dance numbers by Miss Elsie Neff's students, vocal solos by Mrs. Fridolf Lundholm, accompanied by Mrs. Dwight Chapman, and incidental music by Mrs. Myrtle Bishop.

Models included Miss Maxine McGinnis, Mrs. Martin Judge, Mrs. P. G. Curran, Mrs. R. A. Erickson, Mrs. Robert Shire of Colorado Springs, Mrs. Wilfred Shawger, and Mrs. Robert Dixon.

Mrs. Charles Lesage and Mrs. Robert Dixon were co-chairmen for this successful benefit. Miss Katherine Sullivan was in charge of ticket sales. Miss Helen Meeks served as publicity chairman. Mrs. Kenneth Mall headed the decorating committee, and Mrs. Ted Legner was poster chairman.

Ideal Club Has Anniversary Party

At the beginning of a year which promises another diversified program of literary study and social activity, members of the Ideal club paused yesterday to celebrate the thirty-fifth anniversary of their organization. Luncheon at Rice's tea room was followed by a special program in the ladies' lounge of the Loveland Community House.

Thirty-five green candles, topped a large white cake, and a white carnation as a favor at each cover were reminders of the club's chosen colors, green and white. Autumn flowers were the centerpiece for the party table.

Mrs. J. R. McDaniel, the club president, presided during the anniversary program at the civic center. Memories of outstanding club events were recalled during roll call, familiar songs were sung, with Mrs. Blake Grover, a charter member, at the piano, letters were read from several charter members now residing elsewhere, and Mrs. L. W. Miller, also a charter member, reviewed the club history.

The club was organized in 1906, with nine charter members. Mrs. Miller and Mrs. Grover are the only two charter members now residing in Dixon, and the latter is no longer affiliated with the club.

Mrs. Grover, and Mrs. Floyd Teachout, assisted by Mrs. George Smith and Mrs. L. G. Yenerich, were in charge of arrangements for the anniversary party.

The next meeting has been announced for 2:30 p. m. Wednesday, Oct. 29, at Mrs. L. W. Miller's home.

HALLOWEEN PARTY
Betty Grimes was hostess at a Halloween party last evening for comrades of the Methodist Sunday school. An evening of games and fortunes was followed by refreshments.

Attending were the teacher, Miss Jane Goff, and Jean Brown, Lois, France, Audrey Popma, Elaine Fisher, Marilyn Smith, Marie Scudder, Joyce Boedicker, and the hostess, Miss Goff will entertain in November.

CARD PARTY
Miss Nan McGinnis arranged 500 and pinochle for past presidents of Baldwin Auxiliary, United Spanish War Veterans, and camp members last evening. Mrs. D. E. Helmick and Mrs. Fred Hemmen received score prizes in 500, and Mr. Helmick was fortunate in pinochle.

MEET WITH LEE COUNTY CLUBWOMEN

Mrs. A. C. Bowers and Mrs. L. N. Deutsch of the Dixon Woman's club attended yesterday's meeting of the Lee County Federation at Ashton. Approximately 75 clubwomen assembled at the Mills-Petrie Memorial building for the event, with Mrs. Frank Patterson of Franklin Grove, county president, presiding. Mrs. Deutsch served as parliamentarian.

Mrs. E. C. Holmquist of Galesburg, state chairman of the American home and garden department, gave an inspirational lecture on "The American Home." The program also included a concert by Donna's Accordion band, and violin solos by Miss O'May.

URBANA GIRL TO BE BRIDE OF DIXONITE

Mr. and Mrs. George Rear of 903 East Washington street, Urbana, announce the engagement of their daughter, Margaret, to Chester Zalecki, son of the Michael Zaleckis of Dixon. The wedding ceremony will be solemnized during the winter.

Miss Rear attended the University of Illinois, and was graduated from Burnham City hospital school nursing. She is now completing a post-graduate course at Lying-In hospital at the University of Illinois.

Mr. Zalecki was graduated from the Dixon schools and the University of Illinois College of Architectural Engineering. He is now employed with the national defense program at Rock Island.

NACHUSA CIRCLE
Halloween games and stunts, and revealing of identities of "teachers' pets" followed the study program and business meeting for members of the Nachusa Teachers' Reading circle Tuesday evening at the Loveland Community House. Twenty members and one visitor were present.

Miss Wolf, the new president, conducted the business meeting. Mrs. Barnhart presented the report for the evening from the study book, "Child Personnel and Guidance."

Refreshments were served by the hostesses, Mrs. I. B. Potter, Olive Bowman, and Grace Jacobs.

DINNER PARTY
Mr. and Mrs. Harold Bonnell of West Brooklyn entertained at dinner on Sunday, honoring Corp. Urban Vincent, who is at home on a 15-day furlough. Guests numbered 17.

Mr. and Mrs. Amel Vincent and family of Amboy, Corp. Urban Vincent of Fort Custer, Michigan, Mr. and Mrs. Eugene Vincent and son Donald, and Raymond Vincent of Sublette, and Wilbur Vickrey of Mendota.

NELSON CLUB
The monthly meeting for the Nelson Community club has been announced for 8 p. m. Monday at the Cook school. Pupils of the school will present a Halloween program. L. W. Miller will show slides of the Black Hills, and refreshments will be served.

BRIDGE-LUNCHEON
Mrs. Wayne Wolfe, back in Dixon for a short time from Shelbyville, Tenn., was guest of honor yesterday at an informal luncheon arranged by Mrs. Grover Gehant for a dozen close friends. Bridge games were played during the afternoon.

Community Players to Perform Tonight

Final rehearsal, that lasted well toward midnight, completed The Community Players' preparations for their debut behind the footlights tonight in the comedy, "The Male Animal," at the Loveland Community House.

In addition to the regular cast, there will be two instances of pinch-hitting, Delores Redebaugh, assistant director, having taken up the role of Cleota, the negro maid, for Bez Morgan, who is ill, and Director Harold Wade of Oregon, acting as a last-minute substitute for Neil Allen of Oregon in the role of Ed Keller.

The story of tonight's play concerns Tommy Turner and his wife, Ellen, who have been married for ten years and are quietly settled in a midwestern university town, where he is a teacher. The time is the week end of the Michigan game.

Joe Ferguson, the greatest football hero the middlewest has ever known, arrives in town, and sees Ellen, to whom he was once unofficially engaged. In addition to this slight upset to Turner's life of quietude, he is brought into an academic controversy, when Michael Barnes, a young college intellectual, writes an article for the literary magazine in which he refers to the board of trustees as "fascists."

Because he wants to read a certain letter to his composition class, Tommy is about to be forced to join the ranks of those fired. Ellen attempts to persuade Tommy from reading the letter, and this, coupled with Joe's presence, brings additional complications, forcing Tommy to ask Ellen to go with Joe and leave him to his books and principles. From then on, the action sweeps to an unexpected climax that is certain to hold the interest of the audience throughout.

An orchestra, organized within the little theater group, will play a 20-minute prelude before the show, and the curtain will rise at 8.

CHAPTER AC
Members of Chapter AC, P. E. O. Sisterhood, will be guests of Mrs. Frank Robinson and Mrs. Joseph Eichler at 2:30 p. m. Monday at the former's home, having changed their meeting place from the home of Mrs. A. H. Lancaster. Mrs. Perry Allerton of Elgin will bring echoes from the supreme chapter sessions.

Miss Josephine Nichols opened the year's study with a paper on the actor and author, Orson Welles, at a recent meeting of the chapter.

PALMYRA SOCIETY
Miss Anza Lawton and her students of the Sugar Grove school were luncheon guests yesterday of the Palmyra Aid society. The group met in the basement of the Sugar Grove church, with 24 members attending.

Following luncheon, the members tied a comforter and cut quilt blocks. Mrs. Ella Phillips is to be the next hostess, Nov. 12.

CHORUS REHEARSAL
Members of the Dixon Woman's club chorus will meet for rehearsal at 2 p. m. Friday at the Loveland Community House. Mrs. I. B. Potter is the director.

'Twas the Nite Before Christmas
and as usual they hadn't picked out their Christmas Cards. Don't wait—order now while you have a large selection to choose from.

EDWARDS BOOK STORE

OFFICERS HONOR MISS GARDNER

Members of Dorothy chapter, O. E. S., who were in office while Mrs. H. R. Gardner was serving as worthy matron in 1939, were entertained at dinner Monday at the Vern Tennant home. Twenty-two officers, their wives and husbands attended the party, arranged as a farewell courtesy for Mrs. Gardner, who leaves soon for Massillon, Ohio.

Bridge games followed the dinner, with each guest receiving a prize. There was also a guest gift for Mrs. Gardner.

RUTH BARTON IS HONORED

Miss Frances Drew invited 16 guests to her home last evening for a kitchen shower, complimenting Miss Ruth Barton. Miss Barton's marriage to James Zigler of Sterling is to be solemnized tomorrow evening.

Red and white kitchen utensils were presented to the honoree. Donald Griffith showed moving pictures of vacation trips to Niagara Falls, Minnesota, and Canada.

FRIENDLY EIGHT

Members of the Friendly Eight club were disguised in Halloween costumes when they met last evening for a buncos party at the home of Mrs. Orville Heckman. Prizes at the card tables went to Mrs. Harry Fishback, Mrs. Bessie Buckingham, and Mrs. George Iles, and there were also favors for three visitors, Mrs. G. Costos, Mrs. Peter Grott, and Mrs. Karl Kastner.

Mrs. Iles will entertain in two weeks.

WASHINGTON GUESTS
Mr. and Mrs. Ernest Childs of Anacortes, Wash., are spending a week or so with Dixon relatives. They have been spending the past few days at the country home of Mr. and Mrs. Harold Emmert.

PURCHASE HOME
Dr. and Mrs. Z. Glatter have purchased the Buckley residence in north Dixon. Mrs. Glatter expects to establish a studio on the first floor, and her parents will occupy the upstairs apartment.

WEEK END GUESTS
Mrs. Oscar Olson and sons Robert and Walter of Glen Ellyn will spend the week end with Mrs. Olson's grandmother, Mrs. S. C. Burnham, 233 Everett street.

DINNER HOSTESS
Mrs. Harry Fleming entertained at dinner Wednesday evening.

Travel Club Sees Hospital Pictures

Byron Chasteen of the recreational department of the Dixon State hospital was guest speaker at Tuesday evening's meeting of the Dixon Travel club. Miss Nan McGinnis, and Miss Julia Whitley of Rock Falls were entertaining at the former's home.

From colored pictures and Mr. Chasteen's comments, the club members learned of diversified activities which provide hospital patients with occupation and recreation. Various groups of patients were shown happily occupied with various types of needlework, some of the elaborate designs and color combinations requiring months for completion.

Burlap bags are unravelled to be woven into rugs, scarves, and table runners. Patients in the men's department were shown making toys, brooms, brushes and baskets. One room, crowded with toys of every description, resembled Santa's workshop.

All scrap material is utilized, the attractively decorated waste baskets resembling in no way the food containers they once were. Mr. Chasteen's films also included views of the recreation department, and a May Day ceremony.

Miss Jane Franks and Miss Geraldine Lewis are to entertain next month at the former's home.

BIRTHDAY DINNER
Mrs. Florence Hopkins, Mrs. E. A. Clevidence and Mrs. F. J. Rosbrook were dinner guests Wednesday at the country home of Mrs. Brennenman, celebrating the birthday anniversaries of Mrs. Rosbrook and Mrs. Hopkins.

HONOR BEAUTY QUEEN
Miss Toni Harding, Rock river valley beauty queen, and her parents, Dr. and Mrs. A. E. Harding of Morrison, will be guests of the Sterling Lions club on Tuesday.

LUNCHEON GUESTS
Mrs. Sam Watson entertained Mrs. F. J. Rosbrook and Mrs. Theodore Fuller at luncheon at St. Charles.

MISS KILLIAN IS SHOWER HONOREE

Mrs. Paul Wells entertained Monday evening with a linen shower in courtesy to Miss Evelyn Killian, who is soon to become the bride of Lester Hardy. Games and bridal buncos were pastime, with prizes going to Mrs. Galen Myers, Mrs. Warren Wells, and Miss Marion Butterbaugh.

Miss Killian's gift cards read for the Misses Marion Butterbaugh, Lucie Sheller, Velda Butlerbaugh, Alice Zimmerman, Dorothy Killian, and Mesdames Galen Myers, Franklin Kline, Warren Wells, Marvin Holtz, Nettie Killian, Arthur McCreist, and the hostess.

P-T-A. PROJECT
Members of the North Central Parent-Teacher association will continue their monthly collection of bundles of papers and rags on Saturday. South side residents having contributions for the project are asked to call Phone No. 1220.

Weekly Food and Marketing
Letter by Mrs. Emily M. Lautz
for Dixon Telegraph Readers

All of the questions that come to your cooking school lecturer are not concerned with physical food. Often there are problems of home beautification, proving that every homemaker recognizes the necessity of feeding the eye, the mind and the soul—as well as satisfying the three-day hunger.

At this season in particular, when most of the land has been driven from sun-bathing to melancholy prospects of snow shoveling, thoughts turn to a happy indoor hobby, gardening. Down through the ages people acquired the habit of having plants close at hand, and within the last five years the interest in raising house plants has seen an amazing revival.

One favorite question, certain to be asked, is the types of plants that will grow in windows unblest by sun. Everyone knows the geraniums, the sultana, the cacti, heliotrope, coleus, and such flowering annuals as marigold that flourish gratefully in sunny south windows. What plants will thrive in the dry, hot rooms of a city apartment?

Fortunately the advice of an expert can be passed along, for just such lists have been compiled recently by Frank K. Balthis, horticulturist at Garfield park conservatory, Chicago.

At the Garfield conservatory, the largest under one roof in the world, Mr. Balthis has devoted many years to growing all sorts of plants under all sorts of conditions. Furthermore, he has the rare ability of presenting his findings so simply and understandably that the humble grower who has two windows and eleven flower pots can glean immediate help on combating everything from whitish-yellow foliage to the red spider by consulting his book, "Plants in the Home."

This is the informative book which out of 159 manuscripts won the \$1,000 Macmillan Garden Book Competition.

The author points out that a generation or so ago when wood fires were common with their gentle heat, and steamy cooking utensils, there was nothing of the ill effects of gas and desert-like

atmosphere that exists today. Today, success can be maintained only with plants adapted to resist a dry atmosphere, high temperatures with sudden changes, and inadequate light. Of interest is this comment:

"Within recent years many of the old-fashioned plants have come again into favor and may be seen growing in windows beside the most recent introductions. Plants, like everything else, appear to enjoy popularity in cycles. The present interest in cacti and other succulents is but a revival of their popularity forty or more years ago."

There are ways to offset atmospheric problems, and sensible steps taken to make plants healthier have a similar effect on humans. Few rooms are sufficiently moist. Sudden changes in the atmosphere are detrimental, for plants cannot adjust themselves quickly enough and suffer a setback. Mr. Balthis explains that when the atmosphere is charged with moisture the leaves transpire very little water; but when the atmosphere is dry transpiration is rapid, and unless some provision is made to maintain the humidity the plant suffers. If humidifiers, even the inexpensive type, are attached to radiators and kept filled with water, the plants will be much benefited.

The writer knows from experience that the growing of vines such as ivy or philodendron in water (using charcoal in the water to keep it clear) will improve the atmosphere.

When frost is on the windowpanes, the plants should not touch the glass. A movable stand is preferable to a permanently attached window box, since it may be set back from the window on cold nights. On bitter nights, a thick layer of newspapers between the plants and the glass will protect them from freezing. Watch ventilation, too. Plants need air on warm, sunny days, but sudden gusts of cold air will check the growth of choice plants, or cause fern fronds to turn black when they are whipped even slightly.

And now for the off-requested lists. Plants for the North window suggested by Mr. Balthis:

Among these are ferns, palms, African violet English ivy, Philodendron, Chinese evergreen, aspidistra, Norfolk Island pine, Rex begonia, dumb cane, fittonia, monstera, wandering jew, jade plant, screw-pine, corn plant, grape ivy.

West window: Flowering maple, ardisia, spider plant, corn plant, lady's eardrop of fuchsia, watermelon begonia (peperomia), primrose, Asparagus plumosus and A. sprengeri.

South window: Heliotrope, lantana, geranium, clivia, cineraria, petunia, marigold and other flowering annuals, coleus, century plant, cacti and other succulents.

For the East window: Practically all the plants that will flourish in the South and West windows will do equally well in the East window. Approximately five

hours of sunlight are enjoyed, especially where daylight saving is in effect.

Plants that may be grown in the East window include cacti and other succulents, Chinese hibiscus, bulbous plants of all kinds, many begonias, lilies, calla, Azalea, indica, crown of thorns, hydrangea, geranium, impatiens, gardenia and poinsettia.

In fact, all plants except such tropical kinds as the palms, ferns philodendron and the African violet may be grown in the East window. If a plant fails to rally in one window, try another. And remember to turn the plant regularly, so that all the leaves have a chance to face the light. As the sun's rays become more intense, some plants may need partial shade; even a lace curtain helps.

Proper watering has a direct connection with plant insects and diseases. Weak plants, like human beings, are always susceptible to disease. Syringe plants about once a week, advises the horticulturist, for a regular program of syringing house plants should keep the red spider away. Pure flake soap may be dissolved in water for washing leaves afflicted with scale or bugs. Mealy bugs, another plant pest may be syringed with the soap spray or removed with a toothpick swab dipped in alcohol. On the watering program, Mr. Balthis says:

"A plant needs water whenever the soil is dry, and if this is bone-dry the plant's growth is quite likely to be checked or seriously injured. More house plants are lost through a lack of consistent watering than through any other causes.

Watering should be thorough, so that all parts of the soil receive their portion. Plants should be examined daily, for the time to water varies considerably, depending on the character of the soil, the atmospheric conditions of the room, and the location of plant in the room. Excessive moisture causes black spots on the leaves and root saturation. Good drainage is essential.

It is a temptation to quote at length from this beautifully illustrated, carefully compiled volume, which contends that success in growing house plants is like success in life; it depends in great measure on attention given to details.

APPETITE TEASERS
Cottage Cheese Crepes

4 eggs
1 cup cottage cheese
1 cup sour cream
1/2 cup sifted flour
1 tablespoon sugar
1/4 teaspoon salt

Beat the eggs well, add cottage cheese and sour cream and continue beating until well blended. Combine and sift dry ingredients. Stir into first mixture gradually beating well after each addition. Drop by tablespoons on medium-hot, lightly greased griddle and bake on each side until delicately brown. Serve at once on a hot plate with orange marmalade, jelly or sweet preserves. Or dust with powdered sugar. Serves 6. Crepes should be light in texture when properly baked. Remember the medium-heat rule with all dairy products; avoid overheating griddle.

MACARONI WITH BEEF
6 tablespoons onion, chopped
2 tablespoons butter
1 pound ground beef
2 cups cooked macaroni
1 can condensed tomato soup
1 teaspoon salt
1/4 teaspoon pepper

Simmer the onion in butter until soft, but not brown. Add the beef and cook over medium heat until light brown. Then add cooked macaroni, soup, salt, and pepper. Pour mixture into glass casserole, cover and bake 20 minutes in moderate oven 350 degrees F.

Note: Watch timing carefully, remembering that glass cooks foods faster than metal or enamelware.

SUBSTANTIAL DESSERTS
Nut Cranberry Pudding
1/4 cup shortening
1/4 cup sugar
2 eggs, unbeaten
2 cups sifted flour
3 teaspoons baking powder
1/2 teaspoon salt
1/2 cup milk
1 cup cranberries, chopped

Place butter in top of double boiler and work with wooden spoon until soft. Add sugar gradually. Add well-beaten egg yolks, cook over hot water beating thoroughly. Remove from heat, cool and fold in the stiffly beaten egg white, vanilla and whipped cream.

1 cup chopped Brazil nuts
Cream shortening and sugar until light and fluffy. Add eggs single, beating after each addition. Add mixed and sifted dry ingredients, alternately with milk. Stir in cranberries and chopped nuts. Fill well greased baking cups three-fourths full. Cover each tightly with waxed paper and then with brown paper. Steam 1 hour. Serve hot with Foamy Sauce (see recipe) or any favorite hard sauce. When steamed in individual glass molds, this serves 8. Extend time if steamed in one large dish.

FOAMY PUDDING SAUCE
1 1/2 tablespoons butter
1/2 cup powdered sugar
1 egg, separated
1/2 teaspoon vanilla
1/2 cup cream, whipped

Place butter in top of double boiler and work with wooden spoon until soft. Add sugar gradually. Add well-beaten egg yolks, cook over hot water beating thoroughly. Remove from heat, cool and fold in the stiffly beaten egg white, vanilla and whipped cream.

ONCE - HUMBLE DOUGHNUT Celebrated in Nation
The bugles are blowing for the once-humble doughnut during the week October 27 to November 1, which is being celebrated as National Donut Week. Donuts are suggested in modern disguises for breakfast, lunch, dinner and in between meal snacks and even for party games.

Donuts are popular with doughboys, according to chefs in the U. S. Army kitchens. The chef stationed at Camp Edwards reports that his men like donuts served in these two ways.

Donut Apple Blossom: Cut a donut in half, first the long way and then through the center, making 4 pieces. Arrange in clover leaf. Place a baked apple in the center.

Peanut Brittle Donut Sundae: Cover donut with slices of ice cream and over the whole sprinkle crushed peanut brittle.

Many camps, like Ft. McEllan, Ala., Jefferson Barracks, St. Louis and Fort Monmouth, N. J., have donut machines right in the commissary. Today's soldier seems just as fond of the "dunking" delicacy as the boys of the A. E. F. One theory on the origin of the term "doughboys" is that the American boys in the last World War took such a liking to the donuts served them by the Salvation Army and other relief organizations that they soon became known as "Doughboys."

Quantity cooking methods have been speeded up from the days of 1917 when the doughnuts were mixed by hand and cut out with the aid of little tins or any handy utensil. Now elaborate machines turn out as many as 7200 donuts an hour for the hungry men. And speaking of the nation's donut hunger, figures indicate that 81 million dollars' worth of donuts were consumed in 1940.

More than one-half of the world's rubber and from one-half to two-thirds of its tin comes from British Malaya.

The average pint bottle of 3.2 beer contains about 250 calories.

Missing Sailor Was
Assigned to Kearny
At His Own Request

Granite City, Ill., Oct. 22.—(AP)—George Alexander Calvert, 23, one of 11 members of the U. S. S. Kearny's crew reported missing after an attack by a submarine, was assigned to the craft on his own request, Mrs. Harry Erbe, his sister, disclosed.

She said he worked for a short time as a boilermaker at Norfolk, Va., following his first four-year enlistment. Then, dissatisfied with work off the high seas, he enlisted again in August, 1940, Mrs. Erbe said.

Calbert was a fireman first class and the son of Mr. and Mrs. George Calvert of near Wilsonville. His mother is under the care of a physician at the Erbe home.

Factory sales in the United States in 1940 totaled 3,692,328 passenger cars and 777,026 motor trucks.

"Now that's what I call good coffee!"
You'll find the real flavor of coffee—appetizing aroma and zestful strength—in every pound of Hills Bros. Coffee. Controlled Roasting—a process originated and used exclusively by Hills Bros.—is one reason for this. The fine blend is roasted evenly...continuously...a little at a time. This uniform roasting develops a flavor that never varies—a flavor no other coffee has.
HILLS BROS COFFEE
The Correct Grind developed by Hills Bros. is guaranteed to produce best results in DRIP, GLASS MAKER, PERCOLATOR, or POT, if the directions on the side of the Hills Bros. Coffee can be followed.
"Now that's what I call good coffee!" Again and again—year after year—that's what people say when they drink Hills Bros. Coffee. And it's certain to be what you will say when you drink a fragrant, steaming cup of this fine coffee.

Obituary

Mary Adelia Frost, younger daughter of Captain and Mrs. W. S. Frost was born June 27, 1875 in Bradford township and passed away Oct. 5 at St. Luke's hospital, Aberdeen, S. D. of an undetermined internal ailment, after an illness of twelve days. She obtained her education in the district and Lee Center schools and later attended Wheaton college.

On Dec. 13, 1898, she was united in marriage with Mark R. Warnick and to this union five children were born, Donald Warnick, Leola, S. D.; Mrs. Lucy Billey, Ellendale, N. D.; Winfield Warnick, Los Angeles, Calif.; Mrs. Mary Alrich, Willmar, Minn.; Mrs. Grace Holden, Hollywood, Calif. All of these with the husband and nine grandchildren survive. Others left to mourn her departure include her sister, Mrs. Malinda Aschenbrenner and brother William S. Frost, both of Lee Center. With the exception of a few years in Sterling, Colo. Mr. and Mrs. Warnick had lived on a farm near Leola, but had recently purchased a residence property in that town planning to make it their future home.

Mrs. Warnick possessed a pleasing personality always looking on the bright side which endeared her to a large circle of friends. She had strong religious convictions and was a faithful attendant of church services when possible to leave her home. Devoted to her family and home she was happiest when ministering to the needs of her loved ones. She was especially fond of her grandchildren and watched their growth with pride and joy.

Funeral services were held Wednesday Oct. 8 in the Leola Methodist church with the Rev. K. Orlando Lee of Ellendale, N. D. officiating. The Leola high school girls chorus, directed by Russell Olmsted sang accompanied by Mrs. Olmsted.

Funeral services were from the community.

Burial was in the Greenmound cemetery at Leola.

The children were all present at her funeral, also her sister, Mrs. Aschenbrenner of Lee Center and niece, Mrs. Olmsted of Ottawa. Mr. and Mrs. Wilson Warnick and daughter, Mrs. James Greenbank of Myster, Ia.

"She is not gone from memory—Not gone from love—But gone to her Father's home above.

I cannot say and I will not say That she is dead—she is just away.

With a sunny smile and a wave of her hand, She has wandered into a better land

And left us dreaming how very fair

It needs must be, since she lingers there.

And you, oh, you, who the wildest yearn For the old-time step and the swift return,

Think of her faring on, as dear In the love of there as the love of here,

Think of her, still, as the same, I say: She is not dead—she is just away."

Circle Two of the Woman's Society was entertained Friday at the home of Mrs. Ida Archer, with Mrs. Mae Archer as co-hostess.

Miss Elizabeth Richardson had charge of the meeting. The hostesses served a delicious lunch.

Mrs. Dee Thompson, Misses Alta Cook and Mary K. Wolfe spent the week end at the former's cabin at Red Granite, Wis.

Gustav Drummer of near LaMoille passed away Monday afternoon being severely injured in an automobile accident last Friday. He was 79 years old and a brother-in-law of William Eggert.

Leo "Gabby" Harnett and Bud Cleberts of Chicago, spent Thursday hunting at Chaon's cabin.

Mr. and Mrs. Anil Bernardin, son Robert, spent the week end at Red Granite, Wis.

Henry Chaon figured in an automobile accident Saturday morning near the Ed Weiler home when Leroy Zirke, driver of the milk truck hit Chaon head on damaging his car considerably. The truck was also damaged. No one was injured.

Circle Four To Entertain

Circle Four of the W. S. C. S. will entertain the other three circles with a Halloween party at the church basement, Wednesday evening, Oct. 29, at 8 p. m. Games and a program will be given in keeping with Halloween.

Miss Norma Johnson, who is working in Rockford, spent the week-end at her home here.

Mr. and Mrs. Lionel Chaon and sons spent Sunday at the home of her parents, Mr. and Mrs. Joseph Sondgeroth.

Mrs. Don Gilmore, son Gary and Mrs. John Holdren were in Dixon, Monday.

Mrs. Maxine Gilmore attended a Woman's club meeting in Paw Paw, Friday.

The Eastern Star Order held their business meeting Tuesday evening. Mrs. Helen Pool was taken into the order and Mrs. Elizabeth Banks was a guest.

Home Bureau To Meet

Mrs. Don Gilmore will entertain the Home Bureau Monday afternoon, Oct. 27. Miss Simpson, the Home Advisor, will give the lesson.

Colburn in the presence of immediate members of the family. After the ceremony they left for Knoxville where they will make their home.

Following which the bride and groom left on a wedding trip into Wisconsin and Minnesota. On their return they will be at home at 310 West Hill street.

For her wedding the bride was attired in a tailored suit with brown accessories with a corsage of sweet heart roses. She was attended by Mrs. Richard Rafferty of Chicago who wore a tailored dress of soldier blue with black accessories and a corsage similar to the bride's.

Nelson T. Potter served his brother as best man. The bride is a graduate of the Forrester schools and Leland, who is employed at the Kable Bros. Co. is a graduate of the Mount Morris schools.

Sunday guests of Mr. and Mrs. Leslie Johnson were Mr. and Mrs. Harry Lingel of Oregon and Mr. and Mrs. Orville Jackson of Rockton.

Dave Thompson was called to Madison Tuesday by the recent illness of his sister.

Mr. and Mrs. F. Edwards of Davenport attended the funeral in Oregon Tuesday of Walter Berg, also Mr. and Mrs. Carl Lastron of Chicago who formerly worked in the Photo Engraving Department.

Announcement is made of the wedding Monday evening of Mrs. Laura Doward and Hugh Shepard of Knoxville. Rev. Harold Wiltz read the service at the home of the brides daughter, Mrs. Mabel

By DON DANIELSON

THURSDAY'S THESIS

... and where's Elmer? ... Coach Clem Lindell is still undecided about tomorrow night's varsity lineup for the game at Sterling ... he has named "either-or" for seven of the positions ... and Coach Marv Winger wisecracks with: "All that are lacking are the names of Kinnick and Harmon" ... wish-thinking ...

... pro fans ... Mr. and Mrs. John Bovey and Mr. and Mrs. Oscar Witzleb were on the side lines at Wrigley field last Sunday ... saw the thrilling Chicago Bears-Detroit Lions pro football game ...

... week end matches ... with bowling hitting its stride these days there are several big events scheduled at the Dixon Recreation for this week end ... on Saturday night at 7:30 the Knacks White Owls bowls the Wilbur Lumber company ... on Sunday at 3 o'clock the Reynolds Wire No. 1 team meets the company's No. 2 quintet ... at 5 o'clock Budweiser Gardens meet the Rochelle Recreation ... at the same hour the Budweiser Gardens ladies bowl the Rochelle lassies ...

... becomes nationally famous ... this business about Philbert, the charm piece which Doc Dwyre carries, is getting serious ... Philbert now becomes nationally known ... we quote sections from page 7807 of a "revised" issue of the Congressional Record ...

"Mr. Speaker:
"Mr. Member of the House of Representatives, you are recognized by the Speaker.

"Mr. Speaker and fellow members, I rise today to once again address this august body concerning and with relation to the story of Philbert. It is with an extremely heavy heart that I touch lightly upon this story which so strongly shows the wrath of mankind. Perhaps it would be much better for you to acquaint you members with the facts as I have them before me. To begin with Philbert is the (or was) the fuzzy left hand kicker of a member of the fuzzy carnivore or rabbit family. Now because of fate—or not because of fate—it's debatable this kicker came into possession of another KICKER, namely, Doc, R. R. Dwyre or as he is better known in the southern extremities of one well known grape arbor, as Ruthless Ruben Dwyre. It is my understanding that Philbert was to be used as a harbinger of luck.

"Personally, my colleagues, I doubt the veracity of that statement because any one who has ever talked at length with the good horse-physician knows that it was never 'luck' with him, it is merely knowing how and calling upon the vast supply of mentality which he possesses. However, be that as it may, it would appear from my notes, that there descended upon the doctor in question, a night of ill luck. Upon this particular night the doctor was conspicuously absent in the realms of 150 and over when he had finished his session with the game of ten pins. Now I know that without asking Doctor Dwyre, that this was no fault of his own, it must have been caused by the poor alleys, a pain in the doctor's physical makeup, his shoes were slipping for some reason or at least his poor showmanship was caused by the elements, but remember, and mark ye well—this poor showing was not caused by the doctor being not up to his game.

"But, because of this bad showing, one would expect the good doctor to lose his temper and course take revenge upon Philbert, for wasn't Philbert only kept around to ward off any such happening? But not Dr. Dwyre—no—no—no. He, with usual calmness as always displayed by the doctor said that he could not place the blame upon Philbert.

"This, my fellow members, shows you the generous attitude and the bigness of the owner of Philbert. But now comes the bitter and sorrowful part of my story which I detest telling. Somehow and at some time during this eventful evening, poor, pitiful Philbert fell from the clutches of the good Doctor, and mind you, fell under the tramping extremities, namely, the feet of Dr. Dwyre. Now it is to be regretted that this was not noticed until Philbert was trampled to the point of not having any more hair left on him, and you must remember this is bad, as Philbert at one time was all hair.

"And so, at the close of the evening there lay the trampled and beaten Philbert, never to be used again and most certainly, never to adorn the pockets of his owner or to face the 'free press' of our country. So, fellow members of this House, the arrow of death has once again found its mark and this time has erased another tradition from our country, for certainly Philbert was a tradition and one that will not soon be replaced. Mr. Speaker, I yield the floor to the next speaker."

... we suppose we should tell you this: it is possible for a typewritten sheet pasted over a leaflet of the Record to look very much as if it were a part of the book ... and it could be possible (we suppose) that that was done ... it is also possible that someone in Washington (for instance, Lyle Snader) could be pulling the good doctor's leg ... so to speak ...

... bowling and football ... members of the Williams DeSoto bowling team ... (Williams, Hill, L. Melvin, Wolfe and Worley) ... are hoping to get tickets for the Green Bay Packers-Chicago Bears pro football game in Chicago ... Sunday, Nov. 2 ... the local keggers also have a bowling engagement there with the same team they met last year ...

... boomers ... Leo (Gabby) Hartnett, ex-Cubs manager-catcher, made his annual trip to Lee county for the hunting recently ... with him was Bud Seiberts, also of Chicago ... they were entertained at the Chaon cabin near Compton ... no word of their success ...

... final batting averages ... if we don't get this information to you pretty soon, another baseball season will have rolled around, and it will be very much out of date ... baseball, you know, took a big spurt here this month ... in the last days of the season ... it is finally come to a close and the record books are finished ... topping the batting averages is Harold Prestegard, the Knack's utility man, who came to bat 11 times and got six hits for .545 ... John Lindell who came out here from Newark to do some pitching in the last two games, had an average of .444 ... Clet Full, the catcher of the team and the guy who came to bat the most times (.55) whacked out a fine .345 average ... complete statistics, as furnished by Bert Jacobson, the Knacks' official scorer, are as follows:

Player	AB.	R.	H.	SH.	SB.	HR.	BB.	RBI.	Pct.
Prestegard	11	2	6	0	0	1	2	545	
Lindell	9	2	4	0	0	1	0	444	
Full	55	4	19	1	4	2	6	395

Evans	rt	Zigler
Weidman	re	Kelly
Joynt	rh	Woodvatt
Gilbert	lh	Galloway
Quilhot	fb	Riser
Loftus	qb	J. Gould

TIME AND PLACE: Tomorrow night at Sterling high school stadium. Frosh-soph game to start at 6:30 o'clock with varsity game to follow.

COACHES—C. B. Lindell (Dixon); Ted Scheid (Sterling).
OFFICIALS—Earl Drew of DeKalb; E. M. Cole of Princeton; Quinter Bere of Freeport.

If the draft, higher taxes, the threat of Japan in the East or an overdue insurance payment are any of the things worrying you right now, forget 'em. Sterling plays Dixon tomorrow night!

To rabid high school fans in these parts even a Minnesota-Michigan clash for the little brown jug is mere peanuts compared to any meeting between Dixon and Sterling. Over a period of 40 years there has grown a traditional rivalry which beats comparison. It's a time of anguish and tension—but the fans love it, and if you don't think so—just watch the followers of both teams throng to the Sterling stadium tomorrow night.

Predictions Are Foolish
Any prediction on a Sterling-Dixon clash is about as foolish as Don Quixote fighting the windmills—just a lot of waving of arms in the wind which signifies nothing. No matter what the season's records of the two teams have been to this point, you can't tell what will happen tomorrow night. Sterling and Dixon have each been favorites on paper more than once and many times have been tripped in upsets.

However, if you have to have something to refer to in mentioning the game, there are the records which show the teams to be fairly matched. In five games to date this season the Dixon Dukes have won their last two. They bowed first to Oregon, East Rockford and DeKalb before turning the tide to defeat Mendota and Belvidere. In these five games the Dukes have scored a total of 40 points while their opponents have chalked up 54. Of Dixon's total, Quilhot has scored 24 tallies on four touchdowns. Weaver has made two conversions by place kick. Loftus has made 12 points on two touchdowns and two points were made on a safety in the game with East Rockford.

Sterling's Record
Sterling has played five games to date and won three of them. They were defeated in the first two by Rock Falls and Sterling Community before bounding back to trim Mendota, Belvidere and Princeton in succession.

The Scheldmen has scored a total of 46 points as compared to 39 by their foes. As defending champions of the North Central conference Sterling has won each of its two circuit games and now shares the lead with DeKalb. The hosts tomorrow night must win in order to stay in the running for a peat of the championship or even a share in it.

Harry Woodvatt, halfback on Coach Scheid's team and one of the few lettermen back from last year's championship squad, is currently the high scorer in the conference with a total of 20 points in two games.

Egler May Not Play
Coach of both schools have been drilling with everything they have for tomorrow night's classic. The tradition game finds the Dukes badly wrecked by injuries and has Coach Lindell scratching his head for replacements. Bus Egler, one of the backfield sparks of the team, has a serious shoulder injury and may not play tomorrow night. Gilbert, little but flashy ball-carrier, is likely to get the starting call.

Changes at the high school practice field this week have included working Shorty Hoeman in the backfield and he's been stepping out in good style at right half where he may get a chance

(Continued on Page 8)

Sports Roundup

By HUGH FULLERTON, JR.
New York, Oct. 23.—(The Special News Service)—Ever hear the one about the little fish that didn't get away? ... The George Rupert fishing contest offers prizes for the smallest fish caught as well as the big ones ... Current leader is a black sea bass weighing 75 grains of 0.1714 ounces ... Al Weill, who has four feather-weights and five welters in his fight stable, is talking about putting two of them together to make one heavyweight who might lick Louis ... Al currently is raving about Pedro Hernandez, his young-est feather, who he claims is a real prospect ... Dan Topping, who is threatening to make some trades in his football Dodgers don't wake up, was seen listening attentively when Ossie Solem described the beauties of the "Y" formation to the football writers the other day, especially when Ossie remarked that his contract runs out this year.

Today's Guest Star
Jerry Mitchell, New York Post: "Zeke Bonura was released by the army. His 33 years made him an over-aged destroyer."

Hot Stove Warmup
Latest rumor about Gabby Hartnett is that he will manage the Phillies next year, but there's some doubt whether Gerry Nugent would put up the kind of dough Gabby would demand for that job ... The famous Dodgers-Giants feud didn't keep Bill Lohrman from inviting four Brooklyn players up to his Ulster County (N. Y.) farm for a bit of hunting after the season closed ... One ball player who won't have a chance to hold back a few dimes from his pay is Johnny Rigney. His new bride, the former Dorothy Comiskey, is treasurer of the White Sox and signs Johnny's pay checks.

The Pascoag, R. I. park race track will present a "Marlene Dietrich" trophy Saturday to the horse with "the most perfect legs" ... If one turns up with gams like Marlene's the spectators probably will have to be de-nerved—Windsor (Colo.) high school already has closed its football season—the school shut down so the boys could help with the sugar beet harvest ... And Chippewa Falls (Wis.) high makes its opponents see red in more ways than one. The team is known as the Cardinals and two of its star backs are Gene Cardinal and Bernard Cardinal.

Wrong Approach
When Umpire Beans Reardon was asking President Ford Frick of the National League for a raise, he remarked: "I'd retire from umpiring if I had enough money" ... Frick promptly turned down the raise for fear Beans really meant it.

Girl Athlete Need Not Give Up Her Social Good Times

Philadelphia, Oct. 23.—(AP)—Modern girls are missing lots of fun because they don't pop into gym clothes as often as they do an evening dress, says this district's nominee for the nation's outstanding amateur athlete of 1941.

"The girl athlete needn't give up social good times," Mrs. Roberta Rank Bonniwell said today. "I know I look as well in an evening gown as I would if I had never exercised—probably better."

And the trim figure of the attractive 39-year-old judge's wife who has a reputation as a successful hostess gave emphasis to the words.

She recently was nominated by the Middle Atlantic A. A. U. for the 1941 Frank E. Sullivan award, which never has gone to a woman. The recipient is selected from candidates chosen by the 40 A. A. U. districts in the country. The honor didn't come on the strength of her latest athletic title, the 1941 woman's national A. A. U. Indian club championship, but rather for an impressive list of accomplishments which date back 20 years and include 30 national and district titles.

JOHNSTONS AT ST. NICK
New York—Bill and Charley Johnston are in charge of boxing promotions at St. Nicholas Palace here for the 10th consecutive season—and have a new three-year contract.

Until it is boiled natural maple tree sap has no flavor of maple.

BOB HOYLE SETS NEW RECORD IN BOWLING LEAGUE

Member of Leading Quintet Totals 639 Last Evening

Last night's session of the big Classic Bowling League was all according to Hoyle—Bob Hoyle! The sizzling lead-off man of the Shuck's Grocery quintet counted games of 212-242-185 for a record high series of 639 as he paced his mates in a two-game victory over the Beier's Bread team.

The grocers maintained their lead in the 16-team circuit but climbing close behind them are the Wilbur Lumbermen who last night won three games from the United Cigars and are now only one game out of a tie for the lead.

Pacing the Wilbur team was Poole with an excellent 610 series as he counted games of 148-223-239. Leading the losers was Fitzsimmons with 503.

Gold Buckle Orangers moved one step out of the cellar last night in sweeping the series from Boynton-Richards. Leading the winners was Rowland with 393 while Hackett topped the clothiers with 497.

McCardle Leads Mates
McCardle of the Beier's team led his mates with a 567 total as they lost two games to the Shuck's leaders.

Jay's Tavern won two games from Williams DeSoto as Beane scored 535 for the winners and Ed Worley rolled 247-182-178 for 607 to pace the DeSoto lads.

The Court House crew won two games from the Old Style Lager quintet. Topping the winners was Schrock with 514 and Miller led the losers with 516.

Family Liquor Store won two games from the Knacks. High scorer for the winners was Reynolds with 463 and Klein counted 552 for the Knacks.

I. N. U. sparked to a two-game victory over Bonded Gas & Oil. Leading the utilities was Schertner with 512 and Gillen marked up 470 for the gas station team.

Welch & Brader counted a two-game victory over Welty's Pontiacs as Winder's 493 series topped the winners and Jeanguenat rolled 495 for the auto men.

Records Broken
In the record-smashing department last night the Jay's Tavern team broke its own high team game with a count of 1074 and Wilbur Lumber scored 2953 for second in the high team series.

High individual games last night included: Klein 202; Tilton 200; Hill 200; Wolfe 201; Worley 247; LaFever 212; Beane 233; Osterlander 225; Hoyle 212-242; McCardle 205; Poole 223-239.

Quite a Fur Piece

When Big Jake Banning goes to market, he does it with a rifle and brings back enough "bacon" to feed his squaw and eight papooses for months. Jake Banning is shown with a 367-pound bear he lugged on his shoulders for five miles through the bush to his Fort William, Ont., home. It goes without saying that the Indian guide is known for his prodigious strength.

JUZWIK-LOOKING FORWARD TO TILT WITH THE ILLINI

Illinois-Notre Dame Game May Turn Into A Passing Duel

Chicago, Oct. 23.—(AP)—The fighting Illini are cousins to Steve Juzwik of the fighting Irish. They allowed him to slip past their outstretched hands for two touchdowns last year when Notre Dame beat Illinois, 26-0. So Steve, who is having another pretty good year this season, is looking forward to Saturday's game at South Bend.

Juzwik so impressed Bob Zupke of Illinois last year that the Dutchman put him on a par with Tom Harmon of Michigan. This year Steve is Notre Dame's leading scorer with 29 points and has carried the ball 41 times for total gains of 184 yards.

If Saturday's game results in a passing duel, which it may well become, Juzwik might play a prominent part along with his teammate Angelo Bertelli. He has snared eight passes so far, all of them thrown by Bertelli, for 185 yards.

The Wildcat-Buckeye game at Columbus may turn out to be a meeting of teams without their major stars. ... With Jack Graf of Ohio State already sidelined with an injury, Bill DeCorrevont of Northwestern went to the hospital yesterday with a slight touch of flu and his chances of playing were uncertain. ... Johnny Hallabrin, being groomed for Graf's job at Ohio, also went to the bench yesterday as a result of an injured ankle.

Minnesota and Michigan, on the other hand, have their teams in good shape. ... The Gophers, particularly, are sure of using Capt. Bruce Smith who scored on an 80-yard run to beat the Wolverines last year, 7-6. ... The Wolverines are avoiding contact work to prevent injuries, and anyway they want to brush up on their passes, which served them so well against Northwestern last week.

The Purdue-Iowa game stacks up as a fair match of teams using

Bob Westfall Is Man Minnesota Respects Most

Minneapolis, Oct. 23.—(AP)—The Michigan man Minnesota respects most is Captain Bob Westfall. And there's a reason.

Minnesota scouts, rating Westfall as the best spinning fullback in the nation, report he is just as dangerous as ever. He and the sophomore great, Tom Kuzma, fake the ball to each other. Sometimes the enemy sees it; sometimes they don't. Coach Bernie Bierman, busy building a defense against the chap who almost wrecked him last year, hopes his lads see the pigskin often enough at Ann Arbor Saturday.

Westfall is not a flashy type. The triple threat business is for the other boys. He doesn't kick; he doesn't pass. But, boy, how he can spin with that football. Captain Bob's big, pudgy and built close to the ground. Once he gets rolling, look out!

Have Met Before
Bierman doesn't have to tell his Golden Gophers about Westfall, because most of them were in there for that 1940 tilt game.

Then, Westfall came to Minneapolis as just another guy in the backfield. All the advance notices went to Tommy Harmon. After the game, Harmon got some notices—in reverse. The genuine stuff went to Westfall.

Harmon had a net gain of about ten yards, finishing his college career without scoring a touchdown against Minnesota in three years. It was Westfall who got the yardage. Of the 15 first downs, full-back Bob snatched most of them.

It was simple enough when you saw it work. Westfall faked the ball to Harmon and then whipped through the line. He thundered for gains up to 25 yards. That was in midfield mainly for the scoring strategy found Harmon doing most of the futile goal line tricks.

So Minnesota will be looking for all the traditional Michigan high jinks centering around old 83 plus the new deception Coach Fritz Crisler has tied to Bob Westfall's pounding feet.

FIGHTS LAST NIGHT

(By The Associated Press)
Boston.—Henry Chmielewski, 160, Cambridge, Mass. stopped Jackie Donovan, 155, Buffalo, (N. Y.).
Buffalo, N. Y.—Joe Muscato, 186, Buffalo, stopped Joe O'Gatty, Newark, 202, (N. Y.).

FRISCH LOSES TONSILS

New York.—Condition of Frank Frisch, Pittsburgh manager, was satisfactory following a tonsilectomy at St. Elizabeth's hospital here.

AUTO RACE CHAMPION DIES OF INJURIES LAST NIGHT

Shreveport, La., Oct. 23.—(AP)—Gus Schrader, 46, of Cedar Rapids, Iowa, nine time national dirt track automobile driving champion, was fatally injured last night when his speedy little racer locked wheels with another during a contest at the Louisiana state fair.

Schrader's wife was in the grandstand when the mishap occurred. After funeral services here today the body will be sent to Cedar Rapids for additional rites.

ARMY-NOTRE DAME SELLOUT

New York.—With the supply of tickets allotted each institution exhausted, Yankee Stadium is sold out for the Army-Notre Dame game, Nov. 1. They played to 76,000 a year ago.

The oldest known manuscript of the Bible is in the Vatican at Rome.

Danville Officials to Lecture Mischief Makers

Danville, Ill., Oct. 23—(AP)—Irate city officials promised dire punishment—and a lecture about priorities—if they catch pre-Halloween mischief makers who opened some fire hydrants and carried away the caps.

Because of defense demands for steel, it is almost impossible to replace the caps.

Lord Halifax Is Attacked in House

London, Oct. 23—(AP)—Lord Halifax, British ambassador to the United States, was the target of a vigorous attack by Laborite Aneurin Bevan today in a war debate in the House of Commons.

Referring to remarks attributed to the ambassador on his return to the United States on Oct. 1, just before the great German attack west of Moscow, Bevan said:

"Lord Halifax informed Hitler in the plainest possible language when he was assembling his troops to attack Russia that he need fear no attack from us x x x."

"How far is a statement of that kind—when Hitler is gathering his forces—from high treason?"

"The prime minister must get rid of some of these men or they will drag him down with them."

The time has come for the reconstruction of the government and reconsideration of its policy."

(In New York Oct. 1 Halifax, asked whether Britain had enough troops to form a bridgehead across the channel, replied:

"The fact that it has not been done is proof that those who can judge best think the time is not ripe for it."

Japanese Press Sends up Peace Trial Balloon

Tokyo, Oct. 23—(AP)—The Japan Times and Advertiser, controlled by the foreign office, loosed a new trial balloon for peace today by trying the anti-Asian powers a "last chance" to use Japan as a mediator in the European war.

As Germany's axis partner in the Far East, Japan holds a "paramount status as a pacifier," the newspaper said, but warned that Japan would not hesitate to fight the United States to safeguard her interests "awful though even the thought of such a holocaust might be."

"It is the last chance to use the only vehicle for exploration of the ways of world harmony—Japan, the balancing power whose decision could plunge the only pacific ocean into a chaos not of its own making," the organ declared editorially.

Candy Dance Will Help Keep Town Lighted

Genoa, Nev., Oct. 23—(AP)—Townpeople will dance and eat candy Saturday so this little Sierra mountain town may have electric street lights another year.

The candy dance is held annually, keeping alive the homespun revenue raising plan which gave Nevada's oldest town its first electric lights decades ago.

The canning demonstration of the Paw Paw-Waltham Grange districts was held on Monday at the Paw Paw hall with Mrs. Charles Merriman directing the annual event. Over 50 members attended the demonstration, with 64 entries being placed for prize winners. The prize winning entries of this contest will go to the state demonstration in December along with the addition of three balanced meal entries. Miss Marian Symptom of Amboy was the judge. Mrs. Oakley Durr, Mrs. Harold Schuetz and Mrs. I. J. Collins made up the refreshment committee for the event. A lovely lunch was served.

Following are the prize-winners:

Fruits—Mrs. Ben Uitch, 1st, peaches; Mrs. Avery Merriman, 2nd, pineapple; Mrs. Vernon Merriman, 3rd, plums; Mrs. Russell Crain, 4th, raspberries; Harry Scott, 5th, cherries.

Vegetables—Dolores Clements, 1st, asparagus; Mrs. Charles Anderson, 2nd, spinach; Mrs. Avery Merriman, 3rd, beans; Warren Scott, 4th, carrots; Mrs. Vernon Rhoads, 5th, beans.

Meats—Mrs. Ruth Davis, 1st, chickens; Mrs. Charles Merriman, 2nd, chicken; Mrs. Vernon Merriman, 3rd, chicken; Charles Merriman, 4th, chicken; Mrs. Avery Merriman, 5th, beefsteak.

Literary Club

The Misses Annebelle Voigt and Ruth Shippey were the entertaining hostesses to the members of the Literary club, the event being held at the Mrs. Blanche Roberts home on Wednesday evening. A good number of members and guests were on hand for the meeting. Following the business meet-

ing and discussions, a quiz program was held. Dainty refreshments were served for the ladies.

Steward Methodist Church
Hughes B. Morris, minister.
10:00 Sunday church school.
11:00 Family worship service.
6:30 Methodist Youth Fellowship.

The new conference year started off with a decided improvement.

Both church school and family worship service had increases over a year ago. The attendance in church school was up within one or two of Rally Day, and we expect to surpass that mark next Sunday.

"Miracles Can Be Bought" will be the theme of the sermon which Rev. Morris will deliver next Sunday morning. You are invited to be present for this service and to participate in the worship of the hour.

A new Church school class has been organized. It is a class which is especially designed for couples, husbands and wives. At a meeting held in the parsonage on last Friday evening Mr. Wouff was selected as temporary chairman and Mr. Van Reenan was chosen to be temporary secretary.

The class is being taught by the pastor of the church, Rev. Morris. At the first session of the class there were twenty-four persons present, and more are expected to be there next Sunday. The chief qualification is for those coming to bring their spouses. Plans for a great fall and winter seasons are already in the making for this class. If you are interested in joining you are invited to be present next Sunday with your spouse!

Muskmelons originated in Armenia. Later they were introduced to a small town near Rome, called Cantalupo, from which is derived the present name of canteloupe.

As of November 11, 1939, foreign countries owed the United States war debts of \$14,497,000,000 incurred from 1914 to 1918.

Mr. and Mrs. L. D. Hemenway and Mr. and Mrs. Wesley Smith of Los Angeles, Calif., were Wednesday evening dinner guests of Mr. and Mrs. Raymond Chambers of near Big Rock.

Miss Eleanor Miles of Rochelle spent Tuesday afternoon at the home of Mr. and Mrs. A. G. Gunderson.

Mr. and Mrs. Frank Hewitt and Mr. and Mrs. Claude Herrmann were visitors Sunday at the home of Miss Nelson (a former teacher here) in Elgin.

Mr. and Mrs. Charles Hess and Mrs. A. G. Gunderson were Rockford visitors Friday afternoon.

Steward Methodist Church
Hughes B. Morris, minister.
10:00 Sunday church school.
11:00 Family worship service.
6:30 Methodist Youth Fellowship.

The new conference year started off with a decided improvement.

Both church school and family worship service had increases over a year ago. The attendance in church school was up within one or two of Rally Day, and we expect to surpass that mark next Sunday.

"Miracles Can Be Bought" will be the theme of the sermon which Rev. Morris will deliver next Sunday morning. You are invited to be present for this service and to participate in the worship of the hour.

A new Church school class has been organized. It is a class which is especially designed for couples, husbands and wives. At a meeting held in the parsonage on last Friday evening Mr. Wouff was selected as temporary chairman and Mr. Van Reenan was chosen to be temporary secretary.

The class is being taught by the pastor of the church, Rev. Morris. At the first session of the class there were twenty-four persons present, and more are expected to be there next Sunday. The chief qualification is for those coming to bring their spouses. Plans for a great fall and winter seasons are already in the making for this class. If you are interested in joining you are invited to be present next Sunday with your spouse!

Muskmelons originated in Armenia. Later they were introduced to a small town near Rome, called Cantalupo, from which is derived the present name of canteloupe.

As of November 11, 1939, foreign countries owed the United States war debts of \$14,497,000,000 incurred from 1914 to 1918.

Misses Carrie and Lucille Thompson of Rochelle were callers
